

Welcome to K-5 Music!

Miss Kali Poore
K-5 Music Teacher

Elementary Music

Creative Arts Academy of St. Lucie offers music classes for grades Kindergarten through 5th. Elementary Music focuses on providing children with enjoyable experiences in music and opportunities to learn and develop a variety of music-related skills. Singing, Playing, Listening, Reading, and Creating are all fundamental aspects of the elementary music classroom and will be used on a weekly basis. Throughout the year, students will develop a musical vocabulary through learning how to read music, playing instruments such as drums, xylophones, recorders, and ukuleles (just to name a few), moving to music in various movement styles, and listening to a wide range of musical genres.

Requirements of Elementary Music include **two mandatory musical performances** each year. These performances will be a large part of the student's grade throughout the year. For students in grades 3-5 who choose to focus on music, a \$7 course fee will be collected by the end of September. This \$7 course fee is required for the purchase of a student recorder, which the student will be able to keep at the end of the school year.
