What is Title One?

Title 1 is the nation's largest federal program for schools. It provides funding for increasing student achievement in schools selected on the basis of the economic level of families in a schools' attendance area.

The purpose of Title 1 is to :

- Help every child receive a high quality education
- Build capacity for parent involvement
- Provide professional development
- Meet the federal mandates

"While we try to teach our children all about life, our children teach us what life is all about."

Parent/Teacher Conferences

Conferences are one important way parents and teachers work together as a team. Parents sharing information about their child with the teacher is an important piece of this partnership. Conferencing gives the parent an update about academic progress, as well as gainful insight about how to help their child at home. Conferences are held either before school, after school, or during the teacher's planning time during the school day. A translator is available upon request.
