

It's Time to Read with **JustTake20.org!**

Everyday Reading for Florida Families

At [JustTake20.org](https://www.justtake20.org), we help families find everyday teachable moments to add 20 minutes of daily reading to their busy lives.

Research says a student's family support system is the number one predictor of school success. When parents are involved in their children's reading at home, children do better in school and the schools they attend do better, too.

Based on this research, the Florida Department of Education created **JustTake20.org** to provide K-12 families with practical, easy-to-implement reading activities they can do with their child.

Families will find it easy to practice reading at home with their customizable literacy plan, tailored to their child's grade level and needs. Each family can build its own family profile, score points and earn badges while having fun with various reading and writing activities. Online activities are easily accessed on any smart phone, tablet or computer and include tips for parents and downloadable materials, providing learning at the kitchen table or on the go.
