

FORT PIERCE WESTWOOD HIGH SCHOOL

School Improvement Plan Goals

2016-2017

- 1. If standards based instruction is implemented with fidelity, then we will see an increase in student achievement across all content areas.*
- 2. If we enhance the growth mindset, then we will see an increase in teacher and student efficacy.*
- 3. If we increase our understanding of under-resourced learners, then we will see an increase in positive trends in student and teacher attendance and student behavior.*
