Curriculum for the Year

Click on this website to view what your child's curriculum will be for the year. Click on the individual subjects and quarters to see what is being taught and for how long. This is a good way to keep up with what your child is doing and help them when needed for further comprehension.

Welcome to Think Central

Help your child by going to Think Central- Click State, County, and School by using down arrow, then student types in their 56 student number two times. Students can get help by a tutoring program, assignments for students to work on created by their teacher and much more.

Earobics

Earobics is a program that teaches the critical phonological awareness, auditory processing and introduces phonics skills required for learning to read and spell. The students use their 56 number for sign-in, and their lunch number for their password. Click on this link below the example:

Sign-in- 5600000000 Student number

Password- 10000 Lunch number
