

Dear Parents/Guardians:

The School Improvement Plan (SIP) was approved by Weatherbee's School Advisory Council, the School Board of St. Lucie County, and the Department of Education (DOE) Accreditation Team. The SIP was developed with parent, community and faculty and staff input to address the needs of our students and parents, utilizing disaggregated data and research driven programs.

We invite you to review the plan either on the school's website, in our front office (translators are available), or in our Parent Resource Center located in the Media Center.

In addition, we also have a Parent Involvement Plan that addresses parent needs and is utilized as a vehicle for parents to provide input to the school.

We encourage all stakeholders to read this document as well and become actively involved with the school.

Please contact us at 468-5300 if you would like further clarification or would like to get involved.
