Celebrating Music in our Schools Month

Mariposa Elementary is acknowledging student success in Mr. Evans' class by celebrating Music in our Schools Month. Students are passionately demonstrating their musical skill sets for their teachers, classmates, and families by sharing songs and activities they learned in music class. Students in upper grades share how their younger siblings are singing catchy songs nonstop at home. Meanwhile, some K-2 students are gaining a head-start in the music curriculum through older siblings sharing their wealth of musical knowledge. Overall, music at Mariposa is bringing students and staff closer together to further maintain a positive learning community. Pictured: Justus Owens, Malia Johnson, Ryu Gomez, Kylee Nguyen, Alexandra Torres, E'va Lewis, Kendyl Hernandez, Paetynn Brayboy, Daniel Rivas, Justin Malcolm, Luna Rivera, Justin Rogalewski, Maria Rosero Perea, Daniella Post, Adrianna Pyle, and Kristia Lovelock.

First Grade Rocks Their Skills!

Mrs. Auciello's 1st grade students, Shawn McKenzie and Jessica Rezendiz-Torres ,work as a team using math manipulatives and sticker sheets to investigate different ways to make a two digit number. Also, Molly Lantaigne and Arianna Lopez are practicing their new phonics skills in their small group reading by using magnet boards and letter tiles.

KIDS AT HOPE PLEDGE

I am a kid at hope.
I am talented, smart and capable of success.
I have dreams for the future, and I will climb to reach those goals and dreams every day.
All children are capable of success!
NO EXCEPTIONS!

VPK Practices Social Emotional Learning through Friendship

Mrs. Bonilla's VPK class is building friendships with their classmates. The children shared ways to make good friendships. They also wrote a sentence and drew a picture. Then they created friendship chains and friendship bracelets.
