Message from Administration

"October brings growth and excitement to our school. Our students are thriving in their learning, becoming leaders in small groups and forming new friendships. Keep fostering their love for learning by reading with your child for 20 minutes each night. Thank you for being part of our community as we look forward to the month ahead!"

Staff Highlights

Custodial Staff

Behind every shining hallway and spotless classroom is a hardworking custodian. Your dedication to keeping our school clean, safe, and welcoming does not go unnoticed. Thank you for all that you do!

What is Odyssey of the Mind?

OM is a creative problem-solving program, where team members present their solution at a competition to a predefined long-term problem that takes many months to complete. It involves writing, designing, construction, and theatrical performance. A spontaneous portion of the competition has the team also generate solutions to a problem they have not seen before.

Competitions are administered by a mixture of regional non-profit associations and the for-profit CCI corporation.
