

DISTANCE LEARNING FOR STUDENTS

Beginning Monday, March 23rd, students will have access to on-line lessons and programs to begin learning at home.

SLPS has posted an Extended Spring Break Resource Page at <https://www.stlucie.k12.fl.us/seasonal/extended-spring-break/> with learning programs available now for all grade levels; Pre-K through 12. For this initial week, students should access these resources as they transition to learning digitally. These resources include fun games and programs along with suggestions for educational activities that parents can do with their child at home.

DISTANCE LEARNING FOR STUDENTS

Beginning Monday, March 23rd, students will have access to on-line lessons and programs to begin learning at home.

In addition to the Extended Spring Break Resources, **Elementary Students** should complete 45 minutes of iReady instruction in reading and math daily. **Middle and High Students** should continue to work daily on all programs they are already enrolled in which varies based on individual student schedules. These programs include, but are not limited to, iReady, Reading Plus, Achieve 3000, Math (Algebra) Nation, Kahn Academy and Edgenuity Credit Recovery.

Students will be contacted by their teacher(s) on Monday, March 23rd and can expect regular communication to continue weekly going forward.

If your child is not contacted by their teacher(s) on Monday, March 23rd please call the school and notify the school principal.

DISTANCE LEARNING FOR STUDENTS

Beginning March 30th, all students will learn how to log on daily to Canvas for attendance, lessons and teacher guidance in all subjects. Middle and High School students will have core content lessons through Edgenuity and additional teacher directed lessons or tutoring through Canvas.

Student schedules will be flexible and include off line activities as well which will allow for sharing of devices within each home. Parents and students will receive very specific instructions from teachers based on grade level and subject. Hotlines will also be available for additional assistance.

Parents can download Microsoft office for use at home for free at
