ABOUT ST. LUCIE WEST CENTENNIAL HIGH SCHOOL

St. Lucie West Centennial promotes a safe and supportive environment that engages all learners for constant improvement and better quality of life.

The St. Lucie West Centennial Eagle family of learners is engaged in a rich and rigorous curriculum with challenging learning activities in each class, every day.

St. Lucie West Centennial is a campus where students learn and develop civic responsibility in order to make a positive contribution within the community.

FROM THE PRINCIPAL

Greetings Eagle Families:

Welcome to a new year at Saint Lucie West Centennial High School. We have been working hard to create an educational environment that is personalized, rigorous and relevant. Families will be part of the process and our business partners, post-secondary colleges, and our community partners have all rallied to support this transformation in our school. We are working to ensure that our courses prepare students for ongoing education after they graduate as well as creating increased opportunities for students to take higher level classes while they are still a part of our student body. We believe that all our students need to be prepared to enter credit bearing college courses should they choose to enter college upon graduation; therefore, you will see an increase in expectations accompanied by personalized support. We also offer students the opportunity to take Advanced Placement and AICE courses. These courses are college level courses that will earn college credit if the AP or AICE Exam is passed. Students will also have the opportunity to attend Dual Enrollment courses at Indian River State College or on Centennial’s campus as upperclassmen.

Andrea Popwell, Principal

We also encourage students to be part of our sports teams and extra-curricular activities that are so important to high school life. As we plan for this next school year, we look to provide you with an educational experience that meets or exceeds our state requirements, leads to success after graduation, and makes the high school years rigorous, relevant, and personalized.

GENERAL INFORMATION

SCHOOL COUNSELING SERVICES

The School Counselors of St. Lucie West Centennial High School assist students in developing a realistic picture of their progress in relation to their potential. The School Counselor provides academic advising, orientation services, consultation with parents and teachers, college and career information, referral services, and assistance to students, parents, teachers, and other professionals in providing a sound educational program for all students.

Mental Health counselors assist in a confidential manner with personal and socio/emotional issues when requested.

ESE SERVICES

A continuum of services is offered through our Exceptional Student Education Department (ESE). The services include support facilitation, consultative services, resource settings, self-contained settings, and related services. Services offered to students must be identified on the Individual Education Plan (IEP).

SCHEDULE CHANGE PROCEDURES

Students will be able to request changes to their schedules beginning the first day of each semester. The student must submit a completed Request for a Schedule Change form no later than four days following the beginning of each semester. Changes are made in priority order. No schedule change requests, or changes, will occur after the second week of the semester except as a result of an ability level change. An ability level conference must consist of the student, parent, teacher, counselor and administrator.

Schedule changes will only be considered for the following reasons: student has already completed course work; a missing course is needed for graduation or program/major completion or student has failed the prerequisite course for the class. All other changes are at administrative discretion.

***Requests for elective class changes will be denied if the original elective was chosen on your registration form.**

ADMINISTRATIVE CHANGES

St. Lucie West Centennial High School reserves the right to change individual student schedules to comply with School Board and Department of Education policies. These changes may occur due to changes in the student population or faculty allocation. Changes will be made to balance classes and teacher loads when necessary. Every effort will be made not to disrupt the educational process when such changes become necessary.

STANDARD HIGH SCHOOL DIPLOMA DESIGNATIONS

Students have an opportunity to earn the four diploma designations when they meet standard high school graduation requirements AND the requirements below for each respective designation.

1. SCHOLAR DESIGNATION

- Earn one credit in Algebra 2 or equally rigorous course
- Pass the Geometry EOC
- Earn one credit in Statistics or equally rigorous math course
- Earn 1 credit in Chemistry or Physics
- Earn 1 credit in a course equally rigorous to Chemistry and Physics
- Earn 2 credits in the same world language
- Earn 1 credit in AP, AICE, IB, or Dual Enrollment course
- Pass the Biology EOC
- Pass the US History EOC

A student is exempt from the Biology 1 or U.S. History Assessment if the student is enrolled in an AP, IB, or AICE Biology 1 or U.S. History course and the student:

- Takes the respective AP, IB, or AICE assessment; and,
- Earns the minimum score to earn college credit.

2. INDUSTRY SCHOLAR DESIGNATION

Attain 1 or more industry certifications under s.1003.492, F.S

3. FLORIDA SEAL OF BILITERACY DESIGNATION

- Silver – Course Credits and GPA
 - 4 world language courses in the same language
 - 3.0 unweighted GPA and above in those world language courses
- Gold – Course Credits, GPA, and Assessment Scores
 - 4 world language courses in the same language
 - 3.0 unweighted GPA and above in those world language courses
 - Level 4 or above on ELA FAST/FSA assessment

4. SEAL OF FINE ARTS

Beginning in the 2024-2025 school year, the Seal of Fine Arts will be awarded to high school students who have **earned their standard high school diploma and** successfully completed the following:

- At least 3 year-long courses in dance, music, theatre, or the visual arts with a grade of “A”. Courses can be earned in sequential order, but do not have to be.
- Students must also meet a minimum of two of the following requirements:
 - Successfully complete a fine arts International Baccalaureate, advanced placement, dual enrollment, or honors course in the subjects listed above with a grade of “B” or higher. This specific bullet does not include AICE courses.
 - Participates in a district or statewide organization’s juried event as a selected participant for 2 or more years.
 - Records at least 25 volunteer hours of arts-related community service in his or her community and presents a comprehensive presentation on experiences.
 - Meets the requirements of a portfolio-based program identifying the student as an exemplary practitioner of the fine arts.
 - Receives district, state, or national recognition for the creation and submission of an original work of art. For the purposes of this statement, a “work of art” means a musical or theatrical composition, visual artwork, or choreographed routine or performance.

For more information about scholar designations, visit [Academic Advisement What Students and Parents Need to Know \(fldoe.org\)](#) or [Academic Advisement What Students and Parents Need to Know, Prior to 2023-2024 \(fldoe.org\)](#) depending on the year you entered 9th grade.

CREDIT/MAKE-UP WORK POLICY

DEFINITION OF CREDIT

Course credit will be awarded on a semester basis. All courses are offered as semester courses. One full credit is equal to a minimum of 135 hours of instruction in a designated course of study that embeds student performance standards. (F.S. 1003.436). High School credit is awarded to students who demonstrate 60% mastery of course performance standards as evidenced by classroom tests, district benchmark tests, teacher observation, class projects, homework, and other activities identified by the teacher.

SCHOOL-SPONSORED ACTIVITIES IN LIEU OF CLASSES

A student who attended a school-sponsored activity shall be considered as being present for instruction. Students are responsible for getting missed work.

MAKING UP MISSED CLASS WORK/HOMEWORK

Students who are absent, as defined by school board policy, may earn credit by making up all missed work. The student will be allowed two days make-up time for each day absent, not to exceed ten school days for make-up work.

GRADING POLICIES

UNIFORM GRADING SYSTEM

Students in grades 3-12 will be awarded letter grades to indicate student progress. Report cards will be issued quarterly. Check Skyward Family Access consistently to view grades, assignments, missing assignments, and more.

Grade	Percent	Grade Point Average	Definition
A	90-100	4	outstanding progress
B	80-89	3	above average progress
C	70-79	2	average progress
D	60-69	1	lowest acceptable progress
F	0-59	0	failure
W	N/A	N/A	withdrawn Dual Enrollment
WP	N/A	N/A	withdrawn when passing virtual class
WF	N/A	N/A	withdrawn when failing virtual class

Point value: A = 4, B = 3, C = 2, D = 1, F = 0

Letter grades in all courses are given the same point value. The maximum unweighted GPA is a 4.0. The system is utilized to determine eligibility for graduation and extra-curricular activities. Each semester a GPA is computed on a four-point scale. Total points divided by 10 (this number is derived by counting each nine weeks 2 times and the semester exams one) = GPA to letter grade.

If a student receives two report card academic grades of F in a semester of a course, the semester average is automatically determined as an “F” except in EOC courses.

A student with a disability, as defined by s. 1007.02(2), for whom the individual education plan team determines that the end-of-course assessment cannot accurately measure the student’s abilities, taking into consideration all allowable accommodations, shall have the end-of-course assessment results waived for purposes of determining the student’s course grade and competing requirements for middle grades promotion.

For courses with End-Of-Course Exams, the grading algorithm will change in alignment with F.S. 1008.22.

Full Year Course Calculations

1st 9 weeks = 35%
2nd 9 weeks = 35%
Comprehensive State End-of-Course Exam = 30%

Total First Semester Grade = 100% *

3rd 9 Weeks = 35%
4th 9 Weeks = 35%

Comprehensive State End-Of-Course Exam = 30%

Total Second Semester Grade = 100%

* No credit or grade will be earned in the first semester in courses with End-of-Course State Exams until scores are received at applied for 30% of the grade.

HONORS/WEIGHTED COURSES

A weight factor of .02 is assigned for each semester of honors high school level coursework. A weight factor of .04 is assigned for each semester of college level coursework to include Advanced Placement, Dual Enrollment, AICE or IB.

The .02/.04 weight factor is added for each semester of advanced courses with a grade of C or higher. The cumulative weight is added to the cumulative GPA to determine the student's weighted grade point average.

The maximum honors grade point average is determined by adding the cumulative honors points to the cumulative GPA based on a four-point scale, for example: If a student took four advanced courses during each semester of high school and earned a grade of C or higher in each, his honors weight would be +.64 (32x .02=.64). This weight would be added to his/her cumulative GPA.

GRADE FORGIVENESS

The forgiveness policy for required core courses is limited to replacing a grade of "D" or "F" or the equivalent of a grade of "D" or "F" with a grade of "C" or higher, or the equivalent of a grade of a "C" or higher, earned subsequently in the same or a comparable course. A same or comparable course meets the same subject area requirement for graduation. A non-specific course requirement may be forgiven by another course within the same subject area. Forgiveness policies for elective courses shall be limited to replacing a grade of "D" or "F" or the equivalent of a grade of "D" or "F" with a grade of "C" or higher, or the equivalent of a grade of a "C" or higher, earned subsequently in another course. An elective is considered any course that is not used for a specific graduation requirement.

The only exception to these forgiveness policies shall be made for a student in the middle grades who takes any high school course for high school credit and earns a “C”, “D” or “F” or the equivalent. In such cases, the district forgiveness policy must allow for the replacement of the grade with a “C” or higher or the equivalent, earned subsequently in the same or comparable course.

In all cases of grade forgiveness, only the new grade shall be used in the calculation of the student’s grade point average. Any course grade not replaced according to district forgiveness policy shall be included in the calculation of the cumulative grade point average required for graduation.

A student may not earn more credit for a course than the credit amount designated in the Florida Course Code Directory. Earned credit values for any second attempt or duplicate courses (that do not fall under grade forgiveness policy) will be removed.

Note: Most colleges and universities calculate grade point averages (GPAs) based on all courses attempted.

INTERSCHOLASTIC SPORTS

1. Students entering 9th grade must maintain a cumulative GPA of 2.0 or above on a 4.0 scale in the courses required for graduation.
2. Students in the 9th or 10th grade must maintain a GPA of 2.0 or above in the semester preceding participation or a cumulative GPA of 2.0 or above. If the student’s GPA falls below the cumulative 2.0, the student must enter a contractual agreement with the district, the appropriate extracurricular governing association and the student’s parent.
3. Students must maintain satisfactory conduct and, if a student is convicted of or found to have committed a felony or delinquent act (which would have been a felony if committed by an adult), regardless of whether adjudication is withheld, the student’s participation in interscholastic extracurricular activities is contingent upon established and published school board policy.
4. Students who are exempt from attending a full day must maintain the GPA required. (F.S. 1006.15)

NCAA AND NAIA

There are two major athletic associations in the United States that regulate who may participate in college sports: The National Collegiate Athletic Association (NCAA) and the National Association of Intercollegiate Athletics (NAIA). Please visit each website to view requirements and other information. See your High School Counselor and Athletic Coach to create and monitor your post-secondary plans.

POST-SECONDARY INFORMATION

COLLEGE AND UNIVERSITY EXPECTATIONS

Students have many options for what they can do after they graduate high school. Students who are unsure should participate in Xello, our virtual college and career planning program. Xello is an exciting and engaging tool for all students to learn more about themselves and potential careers and colleges best for them.

There are many technical programs students can apply for that will gain them knowledge and experience in hands-on programs that lead to rewarding jobs and careers. Technical programs at state schools such as Indian River State College (IRSC), allows students to earn certificates and complete programs in just a few months, then be able to work at a higher rate of pay.

Students who are interested in attending a state college, such as IRSC, or a 4-year university should gather information about their programs and schools of interest and identify admissions criteria. By looking at requirements in advanced, students can ensure they will meet all admissions requirements and deadlines.

Competitive 4-year universities expect students to take rigorous courses throughout high school, including a minimum of 2 years of a foreign language, academic electives, and increased core classes above the high school graduation requirements. For example, 3 science courses are required to graduate, so students who take 4 science courses throughout high school will look more competitive. Additionally, competitive universities look for students who challenge themselves in honors and college-level courses while in high school.

Students have a better chance of being admitted into 4-year universities when they have taken honors and college-level courses, maintained a high GPA, 3.0 and above, participated in extracurricular activities such as sports or clubs, and completed community service hours or work hours. Universities want to see a well-rounded student who has been able to successfully balance academics with everything else.

See your School Counselor to discuss your post-secondary plans or to get potential ideas by using Xello.

SUGGESTED FOUR YEAR PLAN

Students can choose from many course offerings and are encouraged to challenge themselves throughout their time in high school. Below is a suggested four-year plan for students. The selection of one program does not prevent a student from changing directions later. These sample plans include subjects needed by students to fulfill state and local graduation requirements.

BRIGHT FUTURES SCHOLARSHIPS

Students who meet the Bright Futures qualifications will have some or most of their college tuition paid for by the scholarship. Students who have earned their AICE or IB Diplomas, will not have to meet Bright Futures course, GPA, or test score requirements.

The Florida Bright Futures Scholarship Program information can be accessed on this site.

See your High School Counselor to assist you with account creation and the Florida Financial Aid Application (FFAA) process.

COMMUNITY SERVICE/WORK HOUR INFORMATION

Donating your time to help an organization or group of people can be a great opportunity to interact with your community and get experiences you can use to make decisions about your future. Community service hours are required for Bright Futures Scholarships and other forms of financial aid. Students who participate in community service hours can add the information to their resume and college applications. Hours must be earned between 9th and 12th grades to be used to qualify for scholarships. Bright Futures Scholarships allow for a combination of volunteer community service hours and work hours as one of the qualifications. Students who combine both volunteer and work hours must have 100 hours minimum combined to qualify for Bright Futures. Other scholarships prefer volunteer community service hours, so read each scholarship's qualifications carefully.

Volunteer community service hours have the following guidelines:

- Service hours must include work for non-profit community service organizations, activities on behalf of a candidate for public office, business or government internship, or school sponsored community service opportunities.
- Service hours may not be service to family members, defined as parents, grandparents, siblings, aunts, uncles, cousins, nieces, nephews, and their spouses, including all step relations.

The following is required to have community service hours entered by high school personnel:

- Hours must be documented in writing on the organization's letterhead and must include the organization's contact phone number and signature of the representative from the organization. The letter must be submitted with the SLPS Service Hour Form prior to any deadline set by the school, not to surpass the student's graduation date.
- Students must log hours of community service on the SLPS Service Hour Form. These forms must be signed by the student and parent, then submitted to the school's designee prior to deadlines, not to surpass the student's graduation date.
- Students must evaluate and reflect on their service experience by submitting a written paper or other presentation. This must be submitted together with a letter from the organization and the SLPS Service Hour Form prior to the deadline, not to surpass the student's graduation date.

WORK SERVICE HOURS

Florida House Bill 461 allows high school students graduating in the 2022-2023 academic year and thereafter, to meet the volunteer service requirements prescribed under each award in the Bright Futures Program through 100 hours of paid work. A student meeting an award requirement through paid work must have approval from the school designee, the administrators of a non-public school, or the Department of Education for a home education program student. Work hours must be earned between 9th and 12th grades in order to be used to qualify for scholarships.

The following is required to have work service hours entered by high school personnel:

- Students must log work hours on the SLPS Service Hour Form. These forms must be signed by the student and parent and submitted to your high school's designee prior to advertised deadlines, not to surpass the student's graduation date.
- Students must show proof of work experience. This can be done by producing the following documents:
 - Letter signed by employer with contact phone number
 - Check stub (darken the social security number)
 - Any other appropriate form of work verification (deemed by school administration)
- Students must evaluate and reflect on their service experience by submitting a written paper or other presentation. This must be submitted together with proof of work experience and SLPS Service Hour Form prior to the deadline, not to surpass the student's graduation date.

ABBREVIATED SCHEDULE

Grade 12 – If a schedule can be developed that has no gaps during the day (must arrive after the first period of the day or leave prior to the last period of the day; a minimum 2.0 GPA; has passed or is currently enrolled in an acceleration course; is enrolled in any required remedial classes based on graduation assessments; *the student must have their own transportation or be dropped off and picked up by an approved family member.* **Students who are regularly tardy or do not leave campus when course schedule is through for the day will be scheduled for a full day of courses.**

PREPARING FOR COLLEGE

GRADE 9

- Take schoolwork seriously because 9th grade counts toward Bright Futures Scholarships.
- Take college prep courses.
- Begin to build your personal resume. Include any school, religious organization or community activities you join as well as any awards or honors you receive.
- Complete a 4-year plan.
- Begin looking at colleges in general, vocational tech schools, or the military based on your long-range goals.
- Plan to take computer / technology courses now. With today's technology focus, these skills are extremely important!
- Get involved in quality activities.
- Start a file on colleges and college materials.
- Visit Florida Shines at www.floridashines.org.

GRADE 10

- Take the PSAT in October. The PSAT gives you good practice for standardized testing for college entrance. *It also is used in determining eligibility for Advanced Placement courses.*
- Attend the local College and Career Night. Numerous colleges, universities, and businesses allow you to browse and ask questions and to collect brochures about their organizations.
- Meet with your School Counselor to discuss your 4-year plan and make any adjustments to your courses for the future. Discuss your eligibility for honors, dual enrollment, or AP level courses based on your successes last year and this year.
- Begin planning for college visits with your family. See the campus in person and visit with college students as well as admission representatives.
- Access www.Khanacademy.org for SAT preparation and ACT.org for ACT preparation, consult SAT preparation software, books, or tutorial classes to become comfortable with the types of questions on the test and how to work with time limits.
- Continue to add materials to your college file.

GRADE 11

- Take the PSAT. *This year it will count for qualifying for the National Merit Scholarship.* Check the box that allows your profile to be sent to interested colleges.
- Take the free School Day SAT. This is college reportable and can count for a concordant score for graduation testing requirements.
- Attend the local College and Career Night. Ask specific questions about degree programs, admissions procedures, financial aid, and campus life. Add material to your college file.
- Plan when to take both the SAT (www.collegeboard.org) and the ACT (www.actstudent.org) Depending on your test taking strengths / weaknesses, you may want to take them in the fall and again in the spring. Colleges will always take your best subtest on each test to use for admission purposes. Plan to take the SAT–II Subject Test(s) after completing specific advanced course work (if needed for college).
- Continue updating your resume. Add in clubs, leadership positions, and activity involvement.

- If interested in athletic scholarships, contact the athletic department at the college of your choice.
- Start researching scholarship and financial aid directories. You may also go online and research scholarships at www.fastweb.com and www.collegeboard.com.
- Spend spring break visiting college campuses. Check on schools of various sizes and locations, both in and out of state.
- Get a head start on writing your college essays. They often take more time than you think so don't wait until the hectic senior year.
- Review your profile on www.flvc.org for eligibility for Bright Futures Scholarships.

GRADE 12

- Prepare college application packages Review deadlines and requirements. Line up letters of recommendation early. Give teachers, employers, or other adults at least two weeks to complete the recommendation forms. Include a stamped, addressed envelope with each request, or provide email address for where to send it.
- Meet with your School Counselor for your schedule and senior credit check.
- Complete paper or online college applications by the end of October. Let your counselor know when you hear from your colleges on admission.
- Take or retake the SAT and ACT if needed for admission scores or scholarship cut off scores.
- Visit college campuses for final decisions. Attend classes if possible and see the dorms.
- Apply for Bright Futures Scholarships after October 1st. www.floridastudentfinancialaid.org.
- File the FAFSA as soon after October 1st as possible. The application can be completed online at www.fafsa.ed.gov.
- Have parents attend the Fall Financial Aid Workshop
- Take SAT-II Subject Tests if needed for your colleges.
- Provide school counselors with requests for mid-year senior grades, if required by a college or university.
- Wait for college admission decision and financial aid award letters!
- Make your final decision based on the college best suited for your personal academic goals and financial needs.
- Send housing application deposit for selected college.
- Notify all colleges immediately when you make a decision. This frees up places for other students.
- Attend Scholarship Night if you are receiving a local scholarship.
- Send thank you notes to anyone assisting you during the admission's process.
- Breathe a big sigh of relief!

COURSE INFORMATION

CAREER & TECHNICAL EDUCATION (CTE)

St. Lucie West Centennial High School Career Academy Programs provide students with a carefully planned program of study throughout high school. Our programs correlate course work with career goals. Students prepare for the future job market and choose a career-oriented program of study. Students must complete three courses in one academy in order to qualify for the Gold Seal and/or scholarships.

ADVANCED PROGRAMS (AICE, AP, DE)

The Advanced International Certificate of Education (AICE) is an international curricula in which eligible secondary students are enrolled in programs of study offered through the AICE program. The State Board of Education has established rules that specify the cutoff scores and AICE Examination that will be used to grant postsecondary credit at community colleges and universities.

AP is the enrollment of an eligible secondary student in a course offered by the Advanced Placement Program administered by the College Board. Postsecondary credit for an AP course shall be awarded to students who score a minimum of 3 on a 5-point scale on the corresponding AP exam.

The dual enrollment program is defined as the enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. An eligible secondary student is a student who is enrolled in a Florida public secondary school or in a Florida private secondary school, which is in compliance with s. 1002.42(2), F.S., and provides a secondary curriculum pursuant to s. 1003.428, s. 1003.429, or s. 1003.43, F.S. Students who are eligible for dual enrollment may enroll in dual enrollment courses conducted during school hours, after school hours, and during the summer term. However, if the student is projected to graduate from high school before the scheduled completion date of a postsecondary course, the student may not register for that course through dual enrollment. The student may apply to the postsecondary institution and pay the required registration, tuition, and fees if the student meets the postsecondary institution's admissions requirements under F.S. 1007.263. 2022-2023 St. Lucie Public Schools 50 Any student enrolled as a dual enrollment student is exempt from the payment of registration, tuition, and laboratory fees. Vocational-preparatory instruction, college preparatory instruction, and other forms of pre-collegiate instruction, as well as physical education courses that focus on the physical execution of a skill rather than the intellectual attributes of the activity, are ineligible for inclusion in the dual enrollment program. Recreation and leisure studies courses shall be evaluated individually in the same manner as physical education courses for potential inclusion in the program.

See your School Counselor for more information about accelerated programs offered and how to register for accelerated courses at your school.

VIRTUAL PROGRAMS

PART-TIME VIRTUAL COURSES

Students may request part-time virtual instruction through on-line learning through Mosaic Digital Academy (MDA) or Florida Virtual School (FLVS). Approval for courses is granted through the school counselor if the course is an appropriate course for the student and the course enrollment is in compliance with the St. Lucie Public Schools Student Progression Plan. In order to receive part time virtual instruction, a student must meet at least one of the eligibility criteria in F.S.1002.455 (2). Grades that are in progress do not transfer between traditional schools and virtual schools therefore, students progressing through a virtual class or a traditional class are encouraged to complete the course in order to earn the credit. The district will not be held accountable for dropped or failed classes that interfere with a timely graduation. Public school students receiving part-time instruction by the Florida Virtual School in courses requiring statewide end-of-course assessments must take all statewide assessments required pursuant to F.S. 1008.22 (3)(c)2. All statewide assessments must be taken at the school that the student attends.

FULL-TIME VIRTUAL SCHOOL

St. Lucie Public Schools also operates a district virtual school, Mosaic Digital Academy (MDA), under F.S.1002.45(1)(b). MDA offers full-time instruction to eligible students in grades K through twelve. The school is staffed with local, highly qualified teachers providing a personalized learning environment. This requires students to apply and be admitted to MOSAIC and withdraw from their zoned school prior to beginning the full-time virtual program. See your School Counselor for more information.

COURSE OFFERINGS

ADVANCED INTERNATIONAL CERTIFICATE OF EDUCATION (AICE)

AICE GENERAL PAPER AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 1009400

GRADES: 9 – 12

PREREQUISITE: Must be approved by the AICE Program

The purpose of this course is to encourage students to make cross-curricular links; to develop a maturity of thought appropriate to students at this level; and to achieve an understanding and usage of the English language which enables them to express arguments, ideas and opinions in a reflective and academic manner.

AICE ENGLISH LITERATURE AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 1005370

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program; A/B in English or C or higher in General Paper; Pass ELA FSA with 3 or higher.

By studying a range of texts, learners understand more about writers' choice of structure and language and develop their ability to form independent opinions about what they read. Learners also improve their understanding of the English language and how it is used, extending their skills across a range of writing styles, including imaginative, discursive, and argumentative.

AICE ENGLISH LITERATURE A LEVEL

CREDIT: 1.0

COURSE NUMBER: 1005375

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program; Must have completed AICE English Literature AS Level in prior school year with a C or higher; Pass ELA FSA with 3 or higher. If a student does not pass the AS Level test in the prior year, the student must take Papers 1, 2, 3, and 4 in order to qualify for A Level credit.

The purpose of this course is to have students continue with their study of AICE English Literature. Students will continue to study a range of texts and understand more about writers' choice of structure and language and develop their ability to form independent opinions about what they read. Students also improve their understanding of the English language and how it is used.

AICE ENGLISH LANGUAGE AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 1001550

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program; A/B in English or C or higher in General Paper; Pass ELA FSA with 3 or higher.

The purpose of this course is to provide students with an understanding of the semantic, structural, and rhetorical resources of the English language as they relate to the principles of effective writing. The course also provides a variety of writing opportunities calling for the use of different styles and tones.

AICE EUROPEAN HISTORY (WORLD HISTORY OR ELECTIVE CREDIT) AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2109371

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program

Students understand the development of Europe within the context of history by examining connections to the past to prepare for the future as participating members of a global community. Students use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures, and humanities to solve problems in academic, civic, social and employment settings.

PRE-AICE AMERICAN HISTORY IGCSE LEVEL

CREDIT: 1.0

COURSE NUMBER: 2100485

GRADES: 10

PREREQUISITE: Must be approved by the AICE Program

Cambridge IGCSE American History explores the history of the USA from the mid-18th century to the end of the 20th century. The course is meant as a prequel to Cambridge AICE United States History AS Level.

AICE UNITED STATES HISTORY AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2100500

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program

The purpose of this course is to acquire an understanding of the United States within the context of history with a major focus on the transformation of the USA from an isolated agrarian society of the 1840's to the world's leading superpower. Will meet the graduation requirement for American History.

AICE PSYCHOLOGY AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2107360

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program

The purpose of this course is to introduce psychological concepts, theories, research findings, and applications; to create an understanding of the range and limitations of psychological theory and practice, and to encourage students to explore and understand the relationship between psychological findings and everyday life; to develop skills of analysis, interpretation, and application.

AICE SOCIOLOGY AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2108310

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program

This course offers students the opportunity not only to explore the processes that are shaping current trends, but also to develop an understanding of the complexity and diversity of human societies and their continuities with the past. The study of sociology stimulates awareness of contemporary social, cultural and political issues, and focuses on the importance of examining these issues in a rigorous, reasoned and analytical way.

AICE GLOBAL PERSPECTIVES AND RESEARCH AS LEVEL

**Required course for all AICE Diploma candidates*

CREDIT: 1.0

COURSE NUMBER: 1700364

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program; recommendation of AICE General Paper or AICE English Language teacher and C or higher in those courses.

The focus of AICE Global Perspectives is on developing the ability to think, speak, and write critically about a range of global issues where there is always more than one point of view. Students will become aware of global themes and issues, viewed from personal, local, national, and international perspectives, and of the connections between them. This cross-curricular program challenges students to work in groups, to present seminars, to create projects, and to publish essays.

AICE THINKING SKILLS AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 1700372

GRADES: 9 – 12

PREREQUISITE: Must be approved by the AICE Program

The purpose of this course involves the development of a range of transferable thinking skills and processes. These skills are valuable and relevant in other subjects as well as being essential for further and higher education. Students will study of the language of reasoning by identifying reasons,

evaluating reasoning of different kinds, recognizing, and evaluating assumptions.

AICE ART & DESIGN AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 0101370

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program; 2-D Art

Cambridge International AS & A level Art and Design encourages learners to explore a range of processes and techniques appropriate to their chosen area of study. The four areas of study are Fine Art, Graphic Communication, Three-dimensional Design, and textiles and fashion.

AICE MEDIA STUDIES AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 1100460

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program

This course offers learners the chance to develop an understanding and appreciation of the place of media in our everyday lives. Learners will take a hands-on approach to the subject by creating their own media products from planning through to execution. Learners also consider and analyze examples from existing media, examining production processes and technologies and the effects they achieve. Media areas: film, music, print, radio and podcasts, video games.

AICE MARINE SCIENCE AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2002515

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program; Biology, Chemistry, or taking Chemistry in same year as Marine Science.

This course provides a coherent and stimulating introduction to the science of the marine environment. The content of the AS part of the course concentrates on the scientific study of the sea and its ecosystems, while the A Level part of the

course concentrates on human activities that depend on the sea and have an impact on it. The emphasis throughout is on the understanding of concepts and the application of ideas to new contexts as well as on the acquisition of knowledge, and the course will foster creative thinking and problem-solving skills which are transferable to any future career path.

AICE MARINE SCIENCE A LEVEL

CREDIT: 1.0

COURSE NUMBER: 2002535

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program; Must have complete AICE Marine Science AS Level in prior school year with a C or higher. If a student does not pass the AS Level test in the prior year, the student must take Papers 1, 2, 3, and 4 to qualify for A Level credit.

The purpose of this course is to have students continue with their study of AICE Marine Science. Students will study the physiology of marine primary producers; aspects of marine animal physiology; marine animal reproductive behavior; fisheries management; aquaculture; human impact on marine ecosystems; marine conservation and ecotourism; and marine biotechnology.

AICE ENVIRONMENTAL MANAGEMENT AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2001381

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program; Biology, Chemistry or 10th grade students that are seeking AICE diploma and took Biology Honors in 9th grade.

This course is designed to teach learners about sustainable development in a world where the security of resources and life-sustaining systems is endangered by human impact. It draws upon disciplines such as biology, Earth science, geography, and economics. Learners gain an understanding of the Earth's natural systems and how people use natural resources; they then investigate the impact of human development on the environment and

learn how the environment can be managed sustainably in the future, from a local as well as a global perspective.

AICE SPANISH LANGUAGE AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 0708538

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program; Must have completed Spanish I and II. Spanish III is highly recommended but not necessary. If student has not completed Spanish III, a diagnostic test will be administered to determine readiness for course.

The purpose of this course is to develop a student's ability to understand and communicate confidently and clearly in speech and written language. Students will be encouraged to read widely, to use relevant vocabulary, employ correct grammar, spelling, and punctuation. The students will develop the ability to analyze, synthesize, make inferences, and organize arguments and ideas logically.

AICE SPANISH LANGUAGE & LITERATURE A LEVEL

CREDIT: 1.0

COURSE NUMBER: 0708550

GRADES: 11 – 12

PREREQUISITE: Must be approved by the AICE Program; AICE Spanish Language

Helps learners to develop language proficiency in Spanish to an Independent/Proficient User level. Learners will further improve their communication skills as well as intercultural awareness.

The course develops the skills, language and attitudes required for higher education, work and leisure, builds knowledge of vocabulary and grammar in the context of six areas covering both familiar and more general topics, and encourages engagement with the culture, society and literature of countries and communities where Spanish is spoken.

AICE SPORTS & PHYSICAL EDUCATION

CREDIT: 1.0

COURSE NUMBER: 3026020

GRADES: 9 – 12

PREREQUISITE: Must be approved by the AICE Program

The Cambridge International Physical Education course is both practical and theoretical. Students learn about anatomy and physiology, movement skills and contemporary studies at Cambridge International Level. This provides a firm foundation for the further advanced study of exercise, physiology, psychology of sport performance and the study of the Olympic Games from a global perspective.

AICE TRAVEL & TOURISM I AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2102410

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program

Cambridge International AS Level Travel and Tourism is ideal for those seeking to specialize in this subject. The course encourages learners to appreciate the changing nature of travel and tourism and understand the importance of sustainability in the development and management of the industry.

AICE GEOGRAPHY I AS LEVEL

CREDIT: 1.0

COURSE NUMBER: 2103410

GRADES: 10 – 12

PREREQUISITE: Must be approved by the AICE Program

The Cambridge International AS Level Geography syllabus has equal focus on physical and human topics. Learners widen their knowledge and understanding of the subject, while developing their investigative abilities and their evaluation and decision-making skills.

ENGLISH LANGUAGE ARTS

ENGLISH I

CREDIT: 1.0

COURSE NUMBER: 1001310

GRADES: 9

This course consists of the development and reinforcement of skills in language and composition. It also includes introduction to literary genre and mythology. Related writings and coordinated vocabulary are also emphasized.

ENGLISH II

CREDIT: 1.0

COURSE NUMBER: 1001340

GRADES: 10

PREREQUISITE: English I

This course consists of review and continuation of the study of grammar. Composition progresses from a review of paragraph development to the development of a short theme. Literature study includes the four literary genres and a survey of world literature.

ENGLISH III

CREDIT: 1.0

COURSE NUMBER: 1001370

GRADES: 11

PREREQUISITE: English II

This course contains review of grammar and usage as deemed necessary. Composition study progresses from a short theme through the essay. Literature study surveys American literature, 1600 to present.

ENGLISH 4 COLLEGE PREP

CREDIT: 1.0

COURSE NUMBER: 1001405

GRADES: 12

PREREQUISITE: English III

English 4 College Prep is a course that incorporates reading and writing study through writing a variety of informative texts using grade-level writing craft and through the in-depth reading and analysis of informational selections to develop critical reading and writing skills necessary for success in

college courses. This course prepares students for successful completion of Florida college English courses. The benchmarks reflect the Florida Postsecondary Readiness Competencies necessary for entry-level college courses.

ENGLISH 4 HONORS

CREDIT: 1.0

COURSE NUMBER: 1001405

GRADES: 12

PREREQUISITE: English III

English IV Honors is a course that prepares students, using texts of high complexity, advanced integrated language arts study in reading, writing, speaking, listening, and language for college and career preparation and readiness.

MATHEMATICS

ALGEBRA I AND ALGEBRA I HONORS

CREDIT: 1.0

COURSE NUMBER:

Algebra I 1200310

Algebra I Honors 1200320

GRADES: 9

This course meets the minimum state requirements for mathematics. This course develops the algebraic concepts and processes that can be used to solve a variety of real world and mathematical problems. The content will include: structure and properties of the real number system; exponents; square roots; radicals; absolute value; scientific notation; relations and functions, including words, tables, sequences, graphs and algebraic equations; algebraic expressions; polynomials; data analysis concepts and techniques including introductory statistics and probability; and varied solutions strategies, algebraic and graphic, for inequalities and for systems of equations.

GEOMETRY and GEOMETRY HONORS

CREDIT: 1.0

COURSE NUMBER:

Geometry 1206310

Geometry Honors 1206320

GRADES: 9 – 10

PREREQUISITE: Algebra I

The students will learn new concepts of numbers, lines, angles, figures, formulas, relationships, and proofs that enable them to organize their mathematical thought processes towards the study of higher mathematics.

MATH FOR COLLEGE LIB ARTS

CREDIT: 1.0

COURSE NUMBER: 1207350

GRADES: 9 – 12

PREREQUISITE: Algebra 1/Geometry I/Counselor Placement

In Mathematics for College Liberal Arts, instructional time will emphasize five areas: (1) analyzing and applying linear and exponential functions within a real-world context; (2) utilizing geometric concepts to solve real-world problems; (3) extending understanding of probability theory; (4) representing

and interpreting univariate and bivariate data and (5) developing understanding of logic and set theory.

MATH FOR DATA AND FINANCIAL LITERACY

CREDIT: 1.0

COURSE NUMBER:

Math for Data and Financial Literacy 1200387

GRADES: 9 – 12

PREREQUISITE: Algebra 1/Geometry I/Counselor Placement

In Mathematics for Data and Financial Literacy, instructional time will emphasize five areas: (1) extending knowledge of ratios, proportions and functions to data and financial contexts; (2) developing understanding of basic economic and accounting principles; (3) determining advantages and disadvantages of credit accounts and short-and long-term loans; (4) developing understanding of planning for the future through investments, insurance and retirement plans and (5) extending knowledge of data analysis to create and evaluate reports and to make predictions.

ALGEBRA II and ALGEBRA II HONORS

CREDIT: 1.0

COURSE NUMBER:

Algebra II 1200330

Algebra II Honors 1200340

GRADES: 9 – 12

PREREQUISITE: Algebra 1/Geometry I/Counselor Placement

This is a continuation of the work in Algebra 1 through quadratics and logarithms. Much stress is placed on the structure of the systems of real and

complex numbers. The solution sets of equations and inequalities with two and three variables by both algebraic and graphic methods are covered. More advanced topics of matrices, determinants, probabilities, sequences, and series are also studied.

MATH FOR COLLEGE ALGEBRA

CREDIT: 1.0

COURSE NUMBER: 1200700

GRADES: 10 – 12

PREREQUISITE: Algebra I/Geometry I/Counselor Placement

In Mathematics for College Algebra, instructional time will emphasize five areas: (1) developing fluency with the Laws of Exponents with numerical and algebraic expressions;(2) extending arithmetic operations with algebraic expressions to include rational and polynomial expressions;(3)solving one-variable exponential, logarithmic, radical and rational equations and interpreting the viability of solutions in real-world contexts;(4) modeling with and applying linear, quadratic, absolute value, exponential, logarithmic and piecewise functions and systems of linear equations and inequalities;(5)extending knowledge of functions to include inverse and composition.

PROBABILITY AND STATISTICS HONORS

CREDIT: 1.0

COURSE NUMBER: 1210300

GRADES: 11 – 12

PREREQUISITE: Algebra II

This course is designed to provide a basic understanding of descriptive and inferential statistics. Topics include the measure of central tendency, standard deviation, combination and permutations, probability, sampling, and various distributions. Emphasis is on applications of statistical concepts. **A Graphing Calculator is required.**

ADVANCED PLACEMENT PRECALCULUS

CREDIT: 1.0

COURSE NUMBER:

GRADES: 10 – 12

PREREQUISITE: Algebra II; Instructor/Administrator Approval

The study of Calculus uses the concept of limit to develop the derivative of algebraic and transcendental functions and related applications. Other topics include methods of integration, the definite integral and applications of the integral, and the study of differential equations.

ADVANCED PLACEMENT CALCULUS AB

CREDIT: 1.0

LENGTH: Year

COURSE NUMBER: 1202310

GRADES: 11 – 12

PREREQUISITE: Pre-calculus;

Instructor/Administrator Approval; PSAT results

The study of Calculus uses the concept of limit to develop the derivative of algebraic and transcendental functions and related applications. Other topics include methods of integration, the definite integral and applications of the integral, and the study of differential equations.

ADVANCED PLACEMENT CALCULUS BC

CREDIT: 1.0

COURSE NUMBER: 1202320

GRADES: 12

PREREQUISITE: AP Calculus AB;

Instructor/Administrator Approval; PSAT results

Students cultivate their understanding of differential and integral calculus through engaging with real-world problems represented graphically, numerically, analytically, and verbally and using definitions and theorems to build arguments and justify conclusions as they explore concepts like change, limits, and the analysis of functions.

SCIENCE

FORENSIC SCIENCE I

CREDIT: 1.0

COURSE NUMBER: 2002480

GRADES: 11 – 12

PREREQUISITES: Biology

Laboratory investigations that include the use of scientific inquiry, research, measurement, problem solving, laboratory apparatus and technologies, experimental procedures, and safety procedures are an integral part of this course. Laboratory investigations in the high school classroom should help all students develop a growing understanding of the complexity and ambiguity of empirical work, as well as the skills to calibrate and troubleshoot equipment used to make observations. Learners should understand measurement error; and have the skills to aggregate, interpret, and present the result.

BIOLOGY I and BIOLOGY I HONORS

CREDIT: 1.0

COURSE NUMBER:

Biology 2000310

Biology Honors 200320

GRADES: 9 – 12 Honors

10 – 12

In this course students will explore the relationships between organisms and their environment, and between their individual cells and system. The processes of life will be approached from the viewpoints of cellular structure and function, genetics and molecular biology, classification of organisms, physiology, biochemistry, and biological

changes through time. Laboratory work offers students an opportunity to develop the skills of observing, hypothesizing, and evaluating data, as well as the opportunity to become familiar with scientific instruments and experimental methods.

ADVANCED PLACEMENT BIOLOGY

CREDIT: 1.0

COURSE NUMBER: 2000340

GRADES: 11 – 12

PREREQUISITE: Bio /Chem; Instructor/Administrator Approval; PSAT results

This course will continue and expand the study of biological concepts introduced in Biology with emphasis on the molecular and biochemical principles underlying these concepts. The content includes cell biology, biochemistry, classical genetics, current advances in molecular genetics, evolutionary theory, ecology, taxonomy, plant and animal structure and physiology. This course is designed for mature, advanced students able to learn independently. It will be taught as a laboratory/lecture course at a college freshman level.

CHEMISTRY I HONORS

CREDIT: 1.0

COURSE NUMBER: 2003350

GRADES: 11 – 12

PREREQUISITE: "C" or better in Algebra I

In this course, students will be provided with a study of the composition, properties and changes associated with matter. The content shall include atomic theory, moles, periodicity, chemical bonding, formula writing, nomenclature, chemical equation, stoichiometry, kinetic theory, gas laws, acids, and bases, energy, relationships, solid, liquids, and solutions. Techniques of safe laboratory practice are an integral part of the course.

PHYSICS I HONORS

CREDIT: 1.0

COURSE NUMBER: 2003390

GRADES: 11 – 12

PREREQUISITE: Algebra II

This course will provide students with an introductory study of the theories and laws governing the interaction of matter, energy, and the

forces of nature. The content shall include mechanics, thermodynamics, wave phenomena, electricity, magnetism, optics, sound, fluids, and nuclear phenomenon.

ADVANCED PLACEMENT PHYSICS I

CREDIT: 1.0

COURSE NUMBER: 2003421

GRADES: 11 – 12

PREREQUISITE: Geometry/Algebra II concurrently
AP Physics 1 is the equivalent to a first-semester College course in algebra-based physics. The course covers Newtonian mechanics (including rotational dynamics and angular momentum); work, energy, and power; and mechanical waves and sound. It will also introduce electric circuits.

ENVIRONMENTAL SCIENCE

CREDIT: 1.0

COURSE NUMBER: 2001340

GRADES: 9

This course will involve the study of man's interaction with the environment. The content shall include, but not be limited to: the study of world-wide biomes, populations, the effect of technology on air, water, and land quality, possible solutions to the problems of pollution, conservation of natural resources and energy, and the effects of different methods of environmental planning and waste management. Laboratory investigations offer students an opportunity to develop skills in observation, evaluating data, and biological field techniques.

ANATOMY & PHYSIOLOGY HONORS

CREDIT: 1.0

COURSE NUMBER: 2000360

GRADES: 11 – 12

This course will provide students with detailed knowledge of the structures and function of the component system of the human body. Included in the topics covered will be cytology, histology, the skeletal, muscular, nervous, circulatory, respiratory, digestive, urinary and reproductive systems, and special senses. Laboratory work will be emphasized to advance the exploratory skills of the students.

MARINE SCIENCE AND MARINE SCIENCE HONORS

CREDIT: 1.0

COURSE NUMBER:

Marine Science 2002500

Marine Science Honors 2002510

GRADES: 11 – 12

10 – 12 Honors

The purpose of this course is to provide the student with a survey of marine science. The content should include, the origin of the oceans, the nature of the marine habitat including, chemical, physical and geological aspects, ecology of the sea zonation, marine communities, classification, taxonomy, characteristics of major marine phyla/divisions, and man's interrelationships with the oceans.

EARTH SPACE SCIENCE AND EARTH SPACE HONORS

CREDIT: 1.0

COURSE NUMBER:

Earth Space Science 2001310

Earth Space Science Honors 2001320

GRADES: 11 – 12

10 – 12 Honors

This course will involve the student in developing concepts central to an understanding of the earth, its materials, processes, history, and environment in space. The content shall include origin of the universe and solar system, the life cycle of stars, formation of landforms and basic mountain types, fundamental plate tectonics, the hydrologic cycle, oceanography, weather mapping, and the U.S. space program.

WORLD HISTORY and WORLD HISTORY HONORS

CREDIT: 1.0

LENGTH: Year

COURSE NUMBER:

World History 2109310

World History Honors 2109320

GRADES: 10 – 12

The first semester traces the growth of Europe to 1600 AD, including feudalism, the rising of nation-states, the Renaissance, Reformation, the Age of Discovery, the Industrial Revolution, the period of Reaction, Revolution and Reform, and World War I. The second semester presents the history of the significant events of the 20th century, including events leading to World War II, the rise of Third World Nations, The Cold War, The Age of the Superpowers, and the significant events of the 1980's. It will also include Americanism vs. Communism.

US HISTORY and US HISTORY HONORS

CREDIT: 1.0

COURSE NUMBER:

US History 2100310

US History Honors 2100310

GRADES: 11 – 12

This course is designed to develop an understanding of the American experience. The first semester includes a brief overview of the Civil War and Reconstruction Era and continues with an in-depth study of America's rise to power, the Populist and Progressive movements, World War I and the Crash. The second semester course continues an in-depth study of the American experience including the Depression, World War II, the Fifties, Sixties, the Vietnam War, Watergate, and into the 1990's.

ECONOMICS WITH FINANCIAL LITERACY AND ECONOMICS WITH FINANCIAL LITERACY HONORS

CREDIT: 0.5

COURSE NUMBER:

Economics with Financial Literacy 2102335

Economics with Financial Literacy Honors 2102345

GRADES: 12

Money! We all want it, use it, and need it. We all get it through the system of economics used in the United States. How does the economy work? What is the role of business, labor, government, and the consumer? What makes the free enterprise system so productive? What are the problems of the economy and how do we survive inflation, recession, or budget deficits? Find out in the course by understanding supply and demand, market structures, goods and services, and the comparison of different economic systems.

US GOVERNMENT and US GOVERNMENT HONORS

CREDIT: 0.5

COURSE NUMBER:

US Government 2106310

US Government Honors 2106320

SCHOOL BOARD OF ST. LUCIE COUNTY, FLORIDA
NOTICE OF PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment, 20 U.S.C. § 1232h, affords parents certain rights for the protection of student privacy. These include the right to:

1. *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (“ED”) –
 - (a) Political affiliations or beliefs of the student or student’s parent;
 - (b) Mental or psychological problems of the student or student’s family;
 - (c) Sex behavior or attitudes;
 - (d) Illegal, anti-social, self-incriminating, or demeaning behavior;
 - (e) Critical appraisals of others with whom respondents have close family relationships;
 - (f) Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 - (g) Religious practices, affiliations, or beliefs of the student or parents; or
 - (h) Income, other than as required by law to determine program eligibility.

2. *Receive notice and an opportunity to opt a student out of* –
 - a. Any other protected information survey, regardless of funding;
 - b. Any non-emergency, invasive physical examination, or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical examination or screening permitted or required under State law; and
 - c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

3. *Inspect*, upon request and before administration or use –
 - (a) Protected information surveys of students;
 - (b) Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes;
 - (c) Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

The School Board of St. Lucie County has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School Board will directly notify parents of these policies at least annually at the start of each school year and after any substantive change. The School

Board will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The School Board will make this notification to parents at the beginning of the school year if the Board has identified the specific or approximate dates of the activities or surveys at the time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below, and will be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales, or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:
