Dress Code – Teachers

The effective teacher comes to work dressed appropriately, comes to teach dressed for success and is a role model for the students. Educators are walking, talking advertisements and should make their dress work for, not against them.

Employees are expected to use good judgment regarding appropriate dress for the workplace. Clothing must be clean, neat and reflect a positive image to the public. Apparel worn by employees clearly affects the work, attitude and discipline of students. Appropriate dress serves as an indicator of the attitudes expected in the

classroom. Employees should dress for four main effects—respect, credibility, acceptance and authority. Attire that is too casual or inappropriate for your position, or your daily activities, should not be worn.

The following guidelines may help to focus the image we aspire to project at Treasure Coast High School:

Professional attire for the workplace includes: suits, dress shirts, khakis, ties, collared shirts, dress shoes, dresses, dress slacks, blouses, and skirts of an appropriate length. Jeans **without tears** may only be worn on designated spirit days with spirit shirts.

*It is highly recommended that backless shoes not be worn for safety concerns.

Dress Code – Students

The school administration/designee shall be the final judge of wearing apparel/accessories. They will determine whether or not such is appropriate, disruptive, offensive, distracting, or in violation of health and safety rules. No clothing/accessories are permitted that promote drugs, tobacco, alcohol or violence. The following school dress code is in compliance with the District Minimum Standard.

If a student is in violation of the dress code, the teacher should call for a dress code pick up. The student will be sent to BIC and at that time, the student may contact his/her parent/guardian to bring required clothing to correct the violation. Based on the infraction, the student will return to class or will be sent to BIC (Behavior Intervention Class).

No students may receive a failing grade for any marking period unless a deficiency/progress report, email or documented phone contact has been issued in a timely manner informing the student and parent/guardian that the child is in danger of failing.

As much as possible, there should be adequate time given to allow the parent/guardian to work with the student to improve grades. Teachers must maintain a record of parent contact for the year.

Other than "Incomplete," grades will not be changed without approval of the principal. For justifiable academic reasons, a principal may authorize a grade change.

Make-Up Work:

While it is possible to make up written assignments due to absences, the actual classroom experience can never be duplicated. Therefore, students should be encouraged to establish good attendance patterns. When absences occur, the following shall govern the make-up of work:

- Make-up work is allowed for all absences, excused or unexcused.
- Student has **1 day to make up the work for each day absent (2 days for block classes)**, not including the day of return, unless the principal approves an extension due to unusual circumstances. Previously assigned work is due on the day the student returns to school.
- All work, regardless of the number of days absent, must be made up on or before grades are due in the final quarter of the school year.

- Students will take pre-announced tests on first day of return to school. Students will be allowed **2 days to prepare for tests assigned during the absence.**

9 - 12 Provisions:

- Students or parents must request make-up work; **students will not be penalized for makeup work that is requested, but not provided by the teacher.**
- Upon student's request, the teacher will inform student/parent of work to be made up as specifically as plans will allow but is not expected to develop special assignments.

School Counselors

Counseling services are provided through School Counselors in a strictly confidential manner. Counselors meet with students individually as well as in small groups. A student may request a conference with a counselor by emailing or Teams' messaging their assigned counselor, or by requesting a meeting in person **lunch, before or after school.**

Our goal is to ensure that each student is appropriately scheduled for classes she/he needs in order to meet all the requirements for graduation. Student schedules will only be changed if a teacher makes a recommendation for an ability level change in class placement or if a parent requests a change and the requested change meets all criteria.

Hall Passes

It is important for students to be in class to receive high quality instruction. When students are required to leave class for a valid reason they are to utilize the paper hall passes. Students should be provided the plastic hall pass to use the restroom. Only one student should be out of a class at a time. No other passes will be used to excuse students from class. Students are not to be out of classes for the **first 15 minutes or the last 15 minutes of class.** **Please be sure to secure your hall passes at all times. If a teacher requests to see a student during the student's lunch period, it is a requirement that the student be issued a pass by the teacher during the teacher's lunch period.**

Homework

It is the policy of this school to consider homework as an integral part of the student's total instructional program. Homework, when given, is intended to reinforce learning skills introduced during classroom instruction. Homework is not to be given in excessive amounts or for disciplinary reasons.

Keys/Access Cards/Centegix Badges

A set of keys, an access card, and a Centegix badge will be issued to instructors to access outside doors, building doors, and classrooms. The management of keys and access cards will be the responsibility of every instructor. Keys, access cards, and Centegix badges are not to be given to students or unauthorized persons. Lost keys should be reported immediately to school administration. Keys for rooms/areas outside the classroom area will be issued with administrative approval. It is a requirement for all employees to wear their Centegix badges while on campus. There is a replacement fee for lost keys, access cards, and Centegix badges.

Leaving Campus

Teachers are required to have administrative approval prior to leaving campus during the school day (Early Out days included). Unapproved absences during the school day pose a significant liability. Before leaving a teacher must sign the “**Sign-Out Log**” outside the Executive Secretary’s office. **Teachers are not to leave classes unattended at any time.** If emergency coverage is necessary, contact your Building SLC Office or Front office.

Leave Requests

Pledge of Allegiance

When the national anthem is played, students and all civilians shall stand at attention, men removing the headdress, except when such headdress is worn for religious purposes. The pledge of allegiance to the flag, “I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, under God, indivisible, with liberty and justice for all,” shall be rendered by students standing with the right hand over the heart. The pledge of allegiance to the flag shall be recited at the beginning of the day in each public elementary, middle, and high school in the state. Students have the right not to participate in reciting the pledge if they have written permission from a parent. Upon written request by his or her parent, the student must be excused from reciting the pledge, including standing and placing their right hand over his or her heart. When the pledge is given, unexcused students must show full respect to the flag.

Professional Development

<https://login.frontlineeducation.com/login?signin=d6d634138de1b34741afae5ed0b72c1a&productId=pd&clientId=pd#/login>

Teachers will be encouraged to seek professional development opportunities to help students succeed. It is the teacher’s responsibility to complete the on-line registration for approved professional development (Frontline). Off-campus and extended professional development opportunities will require administrative approval and must relate to current assignment.

Quad/Classrooms Policies

Classroom windows should not be fully covered unless there is a code red drill. For safety reasons, it is important that staff members can see into the classroom. **Students should not be left in the quad area unattended.** If students are in the quad unattended, please call for a student pick-up. **Students must not be released early from class.**

Self-Reporting

All employees are required to self-report in writing within forty-eight (48) hours to both their supervisor and the Director of Human Resources any arrests by any law enforcement agency and/or any criminal charges being filed (this includes both misdemeanors and felonies of any type, including DUI). The self-reporting requirement shall apply not only to instructional employees but also to all other employees, including substitutes, part-time and temporary employees. Such notice shall not be considered an admission of guilt, nor shall such notice be admissible for any purpose in any proceeding, civil or criminal, administrative or judicial, investigatory or adjudicatory. In addition, self-reporting shall also be required for any conviction, finding of guilt, withholding of adjudication, commitment to a pretrial diversion program, or entering of a plea of guilty or nolo contendere for any criminal offense other than a minor traffic violation within forty-eight (48) hours after the final judgment.

Smoking

To comply with district policies on smoking, there are no designated smoking areas on campus.

Student Attendance Procedures

It is a district expectation that attendance be taken each period and entered into the Skyward system. Attendance cannot be completed the next day. Any questions related to student attendance should be directed to the Attendance Clerk.

Students are expected to be in class on time and attend for the entire period when they are in attendance at school. Skipping class is defined as an unexcused absence for a class period or portion of the period on a day when the student is in school or has left class without authorization. If a student arrives to class without a pass ten (10) minutes after the bell, this will be considered skipping and a referral should be initiated by the teacher. Parent notification is required for an unauthorized absence.

Each absence will be listed as unexcused, unless an excused note from a parent/guardian or physician is submitted. Exceptions will be made for a note from the child's physicians. All excused notes must be received in the Attendance Office no later than the third day after an absence or the absence will be considered unexcused, despite the reason for the absence. The Attendance Clerk will update codes in the Skyward. If a student has had at least **five** unexcused absences, or absences for which the reasons are unknown, within a calendar month or **ten** unexcused absences, or absence for which the reasons are unknown, within a 90-calendar-day period, the student's teacher shall report the case to the student's school counselor. It is an expectation that teachers will call home after **three** consecutive absences.

Students involved in school activities or placed in the Behavior Intervention Class (BIC) will be considered present and will not be counted absent. Teachers should monitor email for notices as to students assigned to BIC. Teachers should prepare work for students or send an alternative assignment. Arrangements can be made with the BIC teacher for testing or other assessment situations.

Tardies

A student is considered tardy (unexcused) if they are not across the threshold to the classroom when the last bell rings. A student is considered to be skipping if they arrive to class without an excuse 10 minutes after the bell has rung. A discipline referral for skipping should be written by the teacher of record to document the behavior. Please note: If a student is late to first or second periods, please accept them into class **without** a pass from attendance until 8 a.m. **After 8 a.m.**, students should obtain a pass from Mrs. Evans in the Attendance Office.

School Wide Tardy Policy:

If a student arrives to class after the bell rings, the student must be marked tardy ("1" unexcused) in Skyward and the teacher for that class period will accept the student into class. Consequences are outlined in the Student Handbook.

Student Behavior Standards

Our goal at Treasure Coast High School is to create challenging and satisfying work for our students that engage them in a rigorous curriculum. We will work with students to ensure that they can reach their personal academic goals in a safe environment. In order to ensure a safe environment, students will be responsible for conducting themselves in a manner that respects the rights of others. If a student chooses to neglect school rules or district policies, the Student Code of Conduct outlines potential consequences for their actions. The Student Code of Conduct will be reviewed during the first week of school.

Teachers are primarily responsible for discipline in their classrooms. At the beginning of the year, each teacher should develop a classroom management plan and include it in their course syllabus. All attempts to provide students with behavior interventions should be documented in Skyward as a Behavior Incident Report (BIR).

A teacher needs to utilize classroom interventions to prevent or correct behavior whenever possible. If a referral is generated, **parents must be contacted by the teacher.**

Sample interventions to allow students to correct behavior.

- Provide student with a verbal warning
- Move student's assigned seat

- Conference with student
- Provide rewards/praise for positive behavior
- Conference with parent/guardian – phone, meeting or e-mail

NOTE: Removal from the classroom may be requested by contacting Central Office when a severe behavior and/or an emergency situation arises using the classroom buzzer or telephone. Students should not be sent to the Dean's office for time out without notifying the SLC office. **A discipline referral must be completed by the teacher when a student is removed from class. After the referral is submitted, teachers must contact the student's parents.**

Discipline referrals should **ONLY** include what was witnessed by an adult, and **ONLY** include factual details. Emotional or judgmental comments are not appropriate to add to the description section. Only the name of the student being referred is to be written on the referral. It is a breach of confidentiality to include names of other students on referrals. Incorrectly completed referrals will be returned for correction prior to processing.

Zero Tolerance Policy

The School Board has zero tolerance for crime, substance abuse, and for the victimization of students. The intent of this policy is to promote a safe and supportive learning environment in schools; to protect students, staff, and volunteers from conduct that poses a threat to school safety; and to encourage the use of alternatives to expulsion or referral to law enforcement agencies when appropriate.

Behavior Intervention Classroom (BIC) and After School Detention/Work Detail/Saturday School

Behavior Intervention Classroom (BIC), after school detention, or Saturday school are possible consequences for students who choose to neglect school rules. BIC is an approved excused absence which provides an alternative to suspension allowing students to complete assigned work from teachers and review academic skills to prepare for success. Students not following rules in the BIC classroom may be subject to possible suspension from school. *Teachers will be required to send work to be completed in BIC.* If work is not sent to BIC, teachers are expected to accept an alternative assignment graded in BIC in lieu of class work. Any student who attends Project R.O.C.K. during an Out of School suspension will be coded as excused. An after-school detention/Saturday School can also be used as a consequence for inappropriate behavior.

General School Rules

ALL electronic devices, speakers, hats, sunglasses or unauthorized items seen on campus will be confiscated and kept in the Front office until a parent/guardian can come in person to pick up the item. The Front office will be open between 1:55pm and 2:25 pm.

⇒ Students are not permitted to use ear buds or headphones in academic areas.

⇒ Student cell phones may **ONLY** be used during class time as an electronic learning device, (BYOD guidelines) at the discretion of the teacher. Personal use of cell phones by students is **only** permitted before school, after school, during transitions, and lunch.

Teachers and faculty may confiscate unauthorized electronic devices. However, they are to call for a cell phone pick up. Teachers and faculty will be financially responsible for any misplaced or stolen items.

1. In addition to classroom rules, all students are expected to exhibit polite behavior in assemblies, Media Center, cafeteria, hallways, on campus grounds, and at other school sponsored events.
2. All students must be in class prior to the scheduled class time or they will be penalized as outlined in the tardy policy.
3. Students may not eat or drink in the classroom.
4. Public displays of affection will not be tolerated.

Skateboards are not permitted on campus. If a student rides a skateboard to school, it must be placed in locker storage in front of Building 1 East.

Lunch and Cafeteria Policies:

**No food deliveries of any kind are to be made during school hours for students. If a parent brings a lunch to campus for a student, that student must report to, and remain in the front office during their meal.

Students will be issued an identification number for use in the cafeteria. Students who wish to apply for free or reduced lunches will get information about applying on-line.

The following rules apply during lunch:

1. Students should respect each other in line and while selecting seating options.
2. Trash needs to be deposited in the proper receptacles.
3. During the lunch period, students must remain on campus.
4. Students will not be allowed to apply credit or charge for meals.
5. Students must remain in supervised areas during lunch period.
6. Students are not permitted inside instructional areas or on the 2nd floor, except to go to the Media Center.

Students are NOT PERMITTED to go to the cafeteria or vending machines during instructional time.

Problem Solving Team (PST)

Each school in the district is required to have a Problem Solving Team (PST), which meets regularly to discuss ways of helping the classroom teacher meet the needs of specific students. They may make recommendations for referrals for assessment to determine possible placement in a special education program after interventions have proven to be inadequate to ensure student success. A PST meeting can be initiated for students that display behaviors that are not conducive to learning or for students with excessive absences.

Supervision

It is important that teachers provide supervision of students in their assigned areas. If a teacher is not assigned a specific duty, it is expected that they stand in their doorway to monitor student movement while monitoring their class. Students in classes are to be supervised at all times. Duty responsibilities include, following students into the main hallway areas at the end of the school day. Each teacher is entitled to a 30-minute uninterrupted, duty-free lunch. **Students assigned to teachers are to be supervised by the teacher of record during the duration of the scheduled time. Students are not to be released from class early unless directed by administration. Students should only be in a teacher's class during their scheduled time or during a scheduled meeting time (before and after school or during the student and teacher's assigned lunch). Students not assigned to a teacher should not be in their classroom during the teacher's scheduled instructional time. If a teacher meets with a student during his/her assigned lunch period, the teacher assumes responsibility of that student for the duration of that time. Students must be provided a hall pass for meetings outside of the assigned academic time.**

Teacher Evaluations

The fair, accurate, and objective evaluation of employees is imperative to the achievement of excellence in any organization. All administrators are responsible for the assessment of teacher performance using the St. Lucie County Quality Instructional Framework; training will be provided for all teachers. Administrators make frequent classroom visits to be able to accurately complete the necessary evaluations. If a teacher would like to showcase a lesson, contact the appropriate administrator to arrange a time.

Technology ** See Additional Information in Appendix – Student Expectations

Each teacher will be issued a laptop to help support curriculum in the classroom. Laptops need to be returned at the end of the school year or upon departure from their position. All district communication policies must be adhered to while using the laptop on campus or at another location. It is the individual teacher's responsibility to declare any technical difficulties to the Network Technician or the District Support Desk in a timely manner. Viper would be the best method of communication with the Network Technician to declare technical difficulties or call the help desk at 429-HELP (4357).

When the laptop is not in use, the computer should either be shut down or placed in lock mode for protection (CTRL + ALT + DEL). A student or teacher assistant should not have access to a teacher's computer. Each student will be assigned an individual log-in.

Skyward – Electronic Student Records

Important student information is found in Skyward. Attendance must be entered daily. To maintain a minimum of nine grades, teachers update grades weekly. Skyward may also be used as a communication tool with classes, individual students, and parents.

Outlook – E-mail Program

Please check email daily to review communication. E-mail memos will be sent throughout the business day, so it is imperative to check for updated electronic messages. As per board policy, e-mails should be kept to professional correspondence. A board will be located in the Teacher Lounge and Production Room for messages involving the sale of products or other miscellaneous correspondence.

All school-wide or district-wide messages must be first approved by School Administration.

Telephones

Students are not to use classroom phones unless it is an emergency. If a student needs to make an urgent phone call their teacher needs to administer a hall pass to the Front Office or SLC office. Students may only make and receive calls on their personal devices during their assigned lunch break.

Visitors

Student visitors and young adults not registered at Treasure Coast High School are not allowed in any area of the school or campus during the school day without written permission from the Principal. Violators will be warned, and then referred to the School Resource Officer (SRO) for trespassing. In compliance with School Board policy, children of faculty members are not to be on campus during work hours. **Students are not to bring small children or babies on campus at any time. ALL visitors without schoolboard clearance must be raptured when they arrive on campus and wear an ID badge while on campus.**

Video Request

All supplemental materials used in the classroom must have educational value that supports the Content Standards and should be listed as part of the teacher's lesson plans. Full feature length films are not to be shown during class instruction. An exception will only be made if the film is an explicit part of the curriculum. Please see the addendum for further information.

Working Hours

Teachers' working hours will be from 7:00am – 2:30pm. Working hours for pre-planning, post-planning, workdays and PD days will be from 7:30am – 3:00pm. Regular teaching hours are still maintained on Early Out days. Protected planning time will be 7:00am – 7:28am AND 1:41-2:30. Collaborative planning and learning time (CLP) is provided for most teachers and is equivalent to a class period. For teachers not provided collaborative planning and learning time, pay is commensurate with hours worked.

Student Responsible Computer, Network and Internet Use Policy

Overview

The District provides its students access to a multitude of technology resources to enhance and extend the learning experience. These resources provide opportunities to enhance learning and improve communication within our community and with the global community beyond our campus. The advantages of having access to these resources are far greater than any potential downside. However, with the privilege of access is the responsibility of students to exercise appropriate personal responsibility in their use of these resources. This District Policy is intended to promote the most effective, safe, productive, and instructionally sound uses of networked information and communication tools. The District also makes a good faith effort to protect its students from exposure to internet materials that are harmful or explicit. The District maintains a system of internet content filtering devices and software controls to block obscene and pornographic materials and materials that are harmful to, or otherwise inappropriate for, minors that meet federal standards established in the Children's Internet Protection Act, 47 U.S.C. § 254(h), (1), as amended (CIPA). Nevertheless, it is impossible to control all materials available on the internet, and users will be responsible for ensuring that their use meets the policy established herein.

Digital Citizen

Student users of the District's computer, network, and internet resources shall use information and technology in safe, legal, and responsible ways. A responsible digital citizen is one who:

1. **Respects One's Self:** Users will select online names that are appropriate and will consider the information and images that are posted online.
2. **Respects Others:** Users will refrain from using technologies to bully, tease or harass other people.
3. **Protects One's Self and Others:** Users will protect themselves and others by reporting abuse and not forwarding inappropriate materials or communications.
4. **Respects Intellectual Property:** Users will cite any and all use of websites, books, media, etc.
5. **Protects Intellectual Property:** Users will request to use the software and media others produce.

Expectations

Responsible use of the District's technology resources is expected to be ethical, respectful, academically honest, and supportive of the school's mission. Each computer user has the responsibility to respect every other person in our community and on the internet. Digital storage and electronic devices used for school purposes will be treated as extensions of the physical school space. Administrators, or their designees, will periodically monitor the online activities of users and computer files to insure that users are using the system in accordance with District policy. No user of the District's networks shall have an expectation of privacy in his/her use. Users should not expect that electronic communications made or received on District networks, internet searches on District networks, or files stored on servers or disks will be private. Users also should understand that internet activity is recorded in log files. Users are expected to abide by the generally accepted rules of network etiquette.

The following Policy is intended to clarify expectations for conduct, but they should not be construed as all-inclusive.

1. Use of electronic devices should be consistent with the District's educational objectives, mission and curriculum.
2. Inappropriate use includes, but is not limited to, (1) texting, phoning, or web browsing during prohibited times; (2) taping conversations, music, or other audio at any time; (3) photography or videography of any kind; and (4) any activity that could in any manner infringe upon the rights of other individuals, including but not limited to students, teachers, and staff members.
3. Transmission of any material in violation of any local, federal and state laws is prohibited. This includes, but is not limited to, copyrighted material, licensed material and threatening or obscene material.

4. Intentional or unintentional use of computing resources to access or process, proxy sites, pornographic material, explicit text or files, or files dangerous to the integrity of the network is strictly prohibited.
5. Software and/or services may not be installed or downloaded on school devices without prior approval of the Superintendent or designee.
6. Any malicious attempt to harm or destroy data of another user, the internet or other networks, is strictly prohibited. This includes, but is not limited to, creating and/or uploading computer viruses.
7. Unauthorized access to information by unauthorized recipients or “hacking” is strictly prohibited. This would include intentionally bypassing any internet filtering devices.
8. Use of electronic devices to bully or harass, as defined in Policy 3.43 included in Appendix A hereto, is strictly prohibited.
9. Student internet interpersonal communications (e.g., chat room, instant messaging, blogging, Wiki) requires authorization of a teacher or administrator.
10. Users may be held personally and financially responsible for malicious or intentional damage done to network software, data, user accounts, hardware and/or unauthorized costs incurred.
11. Files stored on District-managed networks are the property of the District and, as such, may be inspected at any time and should not be considered private.
Materials published for electronic publication must be for educational purposes. School administrators, teachers and staff may monitor these materials to ensure compliance with content standards.
12. Users who accidentally access inappropriate material or witness another user accessing inappropriate material, shall immediately notify their teacher or school administrator.

Policy Violations - Students

Violating any portion of this Policy may result in disciplinary action as provided in this Code. A student may be disciplined under the Code for expressive off-campus conduct (such as e-mails or postings on social media like Snapchat, Facebook, YouTube, Twitter, blogs, etc.) where (1) such conduct would foreseeably create a risk of material and substantial disruptions within the school environment, (2) it was reasonably foreseeable that the off-campus expression might reach campus, and (3) the conduct did create a material and substantial disruption within the school environment. Disciplinary action shall be proportional to the offense. **Some violations may constitute criminal offenses and may result in legal action.** The School District will cooperate with law enforcement officers in investigations related to illegal activities conducted through its network.

NOTICE OF RIGHTS UNDER FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act, 20 U.S.C. §1232g (FERPA), and corollary state law, Section 1002.22, Fla. Stat., afford parents and students who have attained 18 years of age (“eligible students”) certain rights with respect to each student’s education records. These rights are:

- (1) The right of privacy with respect to the student’s education records.

Personally identifiable records or reports of a student, and any personal information contained in these reports, are confidential. The School District of St. Lucie County will not release the education records of a student without the written consent of the eligible student or the student’s parents or guardian, except to the extent FERPA and state law authorizes disclosure without consent.

- (2) The right to inspect and review the student’s education records within 30 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (3) The right to request amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of a student’s privacy rights.

Parents or eligible students may ask the School District of St. Lucie County to amend a record that they believe is inaccurate, misleading or otherwise in violation of a student’s privacy rights. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or otherwise in violation of a student’s privacy rights.

If the District decides not to amend the records as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (4) The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA and state law authorize disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses educational records without consent to officials of another school, school system, or institution of postsecondary education in which a student seeks or intends to enroll or is already enrolled.

(5) The right to file a complaint with the United States Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
United States Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-5920

Other disclosures without prior consent; parents' right to limit:

School administrators may disclose directory information about a student without the consent of either the student or his/her parents(s)/guardian(s) unless, within ten (10) days after enrolling or beginning school, the student or parent/guardian notifies the school in writing that any or all directory information should not be released. Directory information includes the student's name and grade level. A limited release of information is required for participation in student athletics as described on the Parent and Player Agreement, Permission, and Release form.

Military recruiters and institutions of higher education have access to the name, address, and telephone listing of each secondary school student unless, within 10 days of enrolling in or beginning school, the student or the parent notifies the school in writing that such information should not be released without the prior written consent of the parent.

The School District of St. Lucie County policy on education records of students is set forth in District Policy 5.70 Student Records and the District's Student Education Records Manual. The policy and manual are available for inspection at the District Administration Office located at 501 N.W. University Drive Port St. Lucie, Florida. Office hours are Monday – Friday, 8:00 a.m. to 4:30 p.m. A copy of the policy and the manual may be obtained, free of charge, upon request.

1. Definitions.

For the purposes of this policy, the following definitions shall apply:

- a. School District means the St. Lucie County School District.
- b. Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:
 - i. A School District employee conditioning the provision of an aid, benefit, or service of the school on an individual's participation in unwelcome sexual conduct;
 - ii. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity; or
 - iii. Sexual assault as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).
- c. Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- d. Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
- e. Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the school's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the school's educational environment, or deter sexual harassment. Schools must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the school to provide the supportive measures. The school-based Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Remedies are designed to

restore or preserve equal access to the school's education program or activity. Remedies may be issued at the conclusion of the grievance process.

- f. Formal complaint refers to a document filed by a complainant or signed by the school-based Title IX Coordinator alleging sexual harassment against a respondent and requesting investigation of the allegation. The formal complaint may be filed in person, by mail, or by electronic mail.
 - g. The District Title IX Coordinator ("District Coordinator") is responsible for coordinating School District compliance with Title IX of the Education Amendments of 1972 ("Title IX") regulations.
 - h. The school-based Title IX Coordinator ("school-based Coordinator") is responsible for coordinating Title IX compliance at an assigned school.
 - i. The Title IX investigator ("investigator") is responsible for conducting the investigation as required by Title IX and preparing the investigative report.
 - j. The Title IX decision-maker ("decision maker") reviews the evidence, determines responsibility for all formal complaints, and provides a written determination to the parties. The decision-maker cannot be the same person as the school-based Title IX Coordinator or the investigator.
 - k. The Title IX appeals decision-maker ("appeals decision maker") is responsible for reviewing the written determination and issuing a written decision describing the result and rationale for the appeal.
 - l. Notice. Whenever notice is required in this policy, notice shall be sent to the parent as defined in CFR 99.3 or to the eligible student as defined in CFR 99.3.
2. Scope of Title IX. This policy applies to allegations that meet the definition of sexual harassment as defined in section (1)(b) of this policy, conduct that occurred in a School District education program or activity, and allegations against a person in the United States.
- a. "Education program or activity" includes locations, events, or circumstances over which the School District exercised substantial control over both the respondent and the context in which the sexual harassment occurred.
 - b. Reporting Sexual Harassment. Any person may report sexual harassment, regardless of whether the reporting person is the alleged victim of the conduct. A report can be made in person, by mail, by telephone, or by electronic mail, using the contact information for the District Coordinator or school-based Coordinator. Reports may be made at any time, including during non-business hours. Any person with knowledge of sexual harassment is strongly encouraged to report the incident. Reports should be made as soon as possible after the alleged incident. A formal complaint must be filed within ten (10) school days after the alleged incident. Failure on the part of the complainant to initiate or follow up on the complaint within this period may result in the complaint being deemed abandoned.
 - i. The School District is responsible for responding to complaints of which it has notice even if notice is not received within the aforementioned time frame.

- c. All School District employees are required to, and must, report, in writing, any allegations of sexual harassment or violations of this policy to the District Coordinator, school-based Coordinator, or appropriate administrator.
- 3. The Superintendent may identify, upon request of a complainant or respondent, a designee for the District Coordinator when, in the Superintendent's judgment, it is warranted. Should an alternate be designated to investigate a complaint, the complainant may request a review by the Superintendent.
- 4. Knowledge of Sexual Harassment. When a school-based employee assigned to an elementary or secondary school has knowledge of sexual harassment or allegations of sexual harassment, the School District is obligated to respond.
- 5. Response to Knowledge of Sexual Harassment. A school must respond to knowledge of sexual harassment in the school's education program or activity against a person in the United States within twenty-four (24) hours or no more than two (2) school days.
 - a. If the alleged sexual harassment might constitute a crime the matter shall immediately be reported to the School Resource Officer ("SRO") or the appropriate law enforcement agency. Any uncertainty regarding whether the alleged sexual harassment might constitute a crime must be resolved in favor of reporting the incident to law enforcement.
 - b. If the alleged sexual harassment might constitute child abuse the matter shall immediately be reported to the Florida Department of Children and Families ("DCF"). Any uncertainty regarding whether the alleged sexual harassment might constitute child abuse must be resolved in favor of reporting the incident.
 - c. When a School District employee is the respondent, the school-based Coordinator or school administrator shall immediately notify the Director of Employee Relations. If the respondent is a School District employee, discipline may be taken, consistent with any applicable collective bargaining agreement provisions or statutory provisions to resolve a complaint of sexual harassment. Upon knowledge of alleged sexual harassment, the school-based Coordinator must:
 - i. Contact the complainant to discuss the availability of supportive measures;
 - ii. Consider the complainant's wishes with respect to supportive measures;
 - iii. Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
 - iv. Explain to the complainant the process for filing a formal complaint.
- 6. Filing of Formal Complaint. The formal complaint may be filed by a complainant, parent or legal guardian, or signed by the school-based Coordinator. At the time of filing a formal complaint, the complainant must be participating in or attempting to participate in the school's education program or activity.
- 7. Response to Filing of Formal Complaint.
 - a. When a formal complaint has been filed, the school must immediately determine if:
 - i. The allegations meet the definition of sexual harassment even if proved, as defined in section (1)(b) of this policy;

- ii. The conduct occurred in a School District education program or activity; and
 - iii. The allegations occurred against a person in the United States.
 - b. If the school determines these requirements are met, the school must follow the grievance process outlined in section (12) of this policy. If the school determines any of these requirements are not met, the school must dismiss the formal complaint. Written Notice of dismissal must be sent.
8. Consolidation of Formal Complaints. Formal complaints involving allegations of sexual harassment arising from the same facts or circumstances may be consolidated against more than one (1) respondent, if multiple complainants file a complaint against multiple respondents, or if one (1) party files a complaint against the other party.
9. Dismissal of Formal Complaints. Schools shall investigate allegations in a formal complaint and determine whether dismissal is required or permitted.
- a. Required Dismissal.
 - i. The School District must dismiss a formal complaint if the alleged conduct:
 - does not constitute sexual harassment even if proved as defined in section (1)(b) of this policy; or
 - ii. Did not occur in a school's education program or activity; or
 - iii. Did not occur against a person in the United States.
 - iv. The School District may take action under another provision of the Code of Student Conduct in the event dismissal is required.
 - b. Permitted Dismissal. Schools may dismiss a formal complaint or any allegations during the investigation or hearing if:
 - i. The complainant provides written notice to the school-based Coordinator of their intent to withdraw the formal complaint or any allegations; or
 - ii. The respondent is no longer enrolled or employed by the School District; or
 - iii. Specific circumstances prevent the school from gathering evidence sufficient to reach a determination.
 - c. Written Notice of Dismissal. Upon a required or permitted dismissal, schools must send written notice of the dismissal and reasons for the dismissal simultaneously to parties within twenty-four (24) hours or no more than two (2) school days.
 - d. Appeal of Dismissal. Parties may request an appeal from a dismissal within two (2) school days of issuance of the dismissal. Requests for an appeal should be sent to the decision-maker, as outlined in section (14) of this policy.
10. Emergency Removal. The School District may remove a respondent from a school's education program or activity on an emergency basis, only after undertaking an individualized safety and risk analysis, and determining if an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and providing the respondent with notice and an opportunity to challenge the decision within two (2) school days following the removal.

This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

- a. **Grievance Process for Formal Complaints of Sexual Harassment.** In response to a formal complaint, schools must provide written notice to all known parties and follow a specified grievance process before the imposition of any disciplinary sanctions against the respondent. A school must provide written notice of allegations within two (2) school days of the allegations to all known parties upon receipt of a formal complaint.
 - i. Written notice must include:
 1. The identities of the parties involved in the incident, if known;
 2. The conduct allegedly constituting sexual harassment;
 3. The date and location of the alleged incident, if known;
 4. A statement that the respondent is presumed not responsible for the alleged conduct;
 5. The school's grievance process;
 6. A statement that a determination regarding responsibility is made at the conclusion of the grievance process;
 7. A statement informing the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney;
 8. A statement advising parties that they may inspect and review evidence, as outlined in section (11)(f)(i); and
 9. A statement informing the parties of any provision in the school's Code of Student Conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.
 - ii. If during the course of an investigation the school decides to investigate allegations about the complainant or respondent that are not included in the original notice, the school must provide written notice of the additional allegations to the known parties within two (2) school days, pursuant to the requirements of written notice in this policy.
- b. **Response to Complaint.** Parties shall be afforded the opportunity to prepare a response regarding the complaint and provide that response during the initial interview. Parties shall have no less than two (2) school days from the date of the written notice to prepare a response. The school-based Coordinator shall conduct the initial interviews with both the complainant and the respondent within five (5) school days. Each individual shall be interviewed separately and at no time will the complainant and respondent be interviewed together. This time frame may be modified for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- c. **Basic Requirements for Grievance Process.** A school's grievance process must:

- i. Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility has been made against the respondent;
 - ii. Require an objective evaluation of all relevant evidence;
 - iii. Include a presumption that the respondent is not responsible for the alleged conduct until the written determination is made at the end of the grievance process;
 - iv. Ensure the school-based Coordinator, investigator, decision-maker, and appeals decision-maker are free from any conflicts of interest or bias for or against any complainants or respondents;
 - v. Include reasonably prompt time frames for the conclusion of the grievance process;
 - vi. Include reasonably prompt time frames for filing and resolving appeals;
 - vii. Allow for the temporary delay of the grievance process or limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action;
 - viii. List the range of possible disciplinary sanctions and remedies that may be implemented;
 - ix. Include the procedures and grounds for appeal;
 - x. Describe the range of supportive measures available to parties;
 - xi. Not allow, require, rely upon, or otherwise use questions or evidence that seek disclosure of protected information under a legally recognized privilege, unless the person holding such privilege waives the privilege; and
 - xii. Notify parties that the preponderance of the evidence standard will be used to determine responsibility.
11. Procedures for Investigation of a Formal Complaint. The investigation must be completed and evidence provided to the respondent and complainant within five (5) school days of the initial interviews with the complainant and respondent, whichever interview is later. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- a. The School District must ensure that the burden of proof and the burden of gathering evidence rests on the school.
 - b. Confidentiality of Medical Records. The School District cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the school obtains that party's voluntary, written consent to do so for a grievance process under this section. If a

party is not an “eligible student,” as defined in 34 CFR 99.3, then the school must obtain the voluntary, written consent of a “parent,” as defined in 34 CFR 99.3;

- c. Schools shall not restrict the ability of either party to discuss the allegations under investigation.
- d. **Written Notice of Grievance Proceedings.** Notice for any investigative interviews, or meetings must be sent at least two (2) school days prior to the interview or meeting. Notice for any hearings must be sent at least ten (10) school days prior to the hearing. Notice must include the date, time, location, participants, and purpose of meeting to all parties whose participation is expected or invited.
- e. **Grievance Proceedings.** Both parties must be given an equal opportunity to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding with an advisor of their choice.
- f. **Evidence**
 - (i) **Inspection and Review of Evidence.** Both parties must be given an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint including the evidence upon which the school does not intend to rely in reaching a determination regarding responsibility. OTC must make all evidence subject to the parties’ inspection and review available at any hearing to give each party an equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.
 - (ii) Prior to completion of the investigative report, schools shall send to each party and their advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. Parties have ten (10) school days to submit a written response to all evidence, for the investigator to consider before concluding the investigative report. If a response is not received within ten (10) school days, the investigator will deem the non-response as a waiver and continue with the investigative report.
 - (iii) **Gathering and Presentation of Evidence.** Schools may not restrict the ability of either party to gather and present relevant evidence.
- g. **Presenting Witnesses.** Both parties shall be given the equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- h. **The Investigative Report.** The investigator shall create an investigative report that fairly summarizes all relevant evidence presented. The investigator must send the report in an electronic form or a hard copy to all parties and all advisors ten (10) days prior to a hearing for their review and written response, if a hearing is required. If a hearing is not required, schools must send the report to all parties and all advisors for their review and written response ten (10) days prior to any written determination. Parties will have ten (10) days from receipt of the investigative report to provide a written response to the investigative report.
- i. **K-12 Questions.** After the investigative report has been sent to all parties and before a determination regarding responsibility is made, each party shall be given

two (2) school days to submit written, relevant questions to be asked of any party or witness and provide each party with answers within two (2) school days. Parties shall then be allowed two (2) school days to provide no more than five (5) follow-up questions in total from all parties and witnesses. Parties and witnesses have two (2) school days to respond to any follow-up questions.

- j. After parties submit written questions, the decision-maker must:
 - (i) Determine whether a question is relevant; and
 - (ii) Explain to the proposing party any decision to exclude a question as not relevant;
 - (iii) Questions and evidence regarding a complainant's sexual predisposition or prior sexual behavior are only relevant if offered to prove someone other than the respondent committed the alleged conduct, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
12. Advisors. Parties may have at least one (1) advisor of their choosing.
- a. The following restrictions will be placed on advisors for both parties:
 - i. Advisors may attend interviews with their party only at their party's request, unless the advisor is a parent or legal guardian;
 - ii. Advisors shall not restrict access to their party;
 - iii. Advisors are only permitted to use the investigative report and evidence received for inspection and review for purposes of the grievance process;
 - iv. Advisors will be required to abide by a non-disclosure agreement that complies with both Title IX and FERPA; and
 - v. Advisors may not request education records that are protected by the Family Educational Rights and Privacy Act of 1974 ("FERPA").
13. Procedures for Written Determination. At the conclusion of the grievance process, the decision-maker must apply the preponderance of the evidence standard to reach a determination and then issue a written determination to the parties simultaneously within three (3) school days. The school-based Coordinator is responsible for implementing remedies stated in the written determination.
- a. The written determination must include:
 - i. Identification of the allegations potentially constituting sexual harassment, pursuant to the definition in this policy;
 - ii. A description of the procedural steps taken from the receipt of the formal complaint through the written determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings;
 - iii. Findings of fact supporting the determination;

- iv. Conclusions regarding application of the Code of Student Conduct to the facts;
 - v. The result and rationale as to each allegation;
 - vi. A determination regarding responsibility as to each allegation;
 - vii. Any disciplinary sanctions imposed on the respondent by the school;
 - viii. Whether remedies will be provided by the school to the complainant; and
 - ix. Permissible procedures and grounds for the complainant and respondent to appeal.
14. Appeals. Each party has the opportunity to appeal from both a written determination, and a dismissal of a formal complaint or any allegations. A request for an appeal from a dismissal must be made within two (2) school days of issuance of the dismissal. A request for an appeal from a written determination must be made within two (2) school days of issuance of the written determination. Requests for an appeal should be sent to the decision-maker.
- a. If an appeal is not filed, the determination regarding responsibility becomes final on the date after the two (2) school days to file an appeal has passed. If an appeal is filed, the determination regarding responsibility becomes final on the date the school provides the written appeals decision.
 - b. Grounds for Appeal. Appeals may take place for the following reasons:
 - i. Procedural issues affected the outcome;
 - ii. New evidence that was not reasonably available at the time the written determination or dismissal was made becomes available that could affect the outcome; or
 - iii. There was a conflict of interest or bias by the school-based Coordinator, investigator, or decision-maker, against any complainant or respondent that affected the outcome.
 - c. Notification of Appeal. Schools must notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties. Parties must be given three (3) school days to submit a written statement in support of, or challenging, the outcome of the written determination. If a written statement is not received within three (3) school days, the appeals decision-maker will deem the non-response as a waiver and continue with the appeals process.
 - d. Appeals Decision-Maker. The appeals decision-maker may not be the same person as the investigator, school-based Coordinator, or decision-maker who reached the initial determination of responsibility or dismissal. The appeals decision-maker must not have a conflict of interest or bias for or against any complainant or any respondent.
 - e. Written Appeals Determination. The written appeals determination describing the result and rationale for the decision must be provided simultaneously to both parties within five (5) school days.

15. Retaliation. No school or other person may intimidate, threaten, coerce, or discriminate against any individual for the purposes of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing.
- a. Definition of Retaliation.
 - i. Intimidation, threats, coercion, or discrimination, including against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.
 - ii. The exercise of rights protected under the First Amendment does not constitute retaliation.
 - iii. A Code of Student Conduct violation for making a materially false statement in bad faith during the course of the grievance process does not constitute retaliation. A determination regarding responsibility alone is insufficient to conclude that any party made a materially false statement in bad faith.
 - b. Confidentiality of Parties. Schools must keep confidential the identity of the following individuals:
 - i. Any individual who has made a report or complaint of sex discrimination;
 - ii. Any individual who has made a report or filed a formal complaint of sexual harassment;
 - iii. Any complainant;
 - iv. Any individual reported to be the perpetrator of sex discrimination;
 - v. Any respondent; and
 - vi. Any witness.
 - c. Exceptions to Confidentiality. The School District may release confidential information as permitted by FERPA, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.
 - d. Filing of Retaliation Complaints. Complaints alleging retaliation may be filed according to the grievance procedures for sex discrimination as outlined in section (6) of this policy.
16. Training. All materials used to train school-based Coordinators, investigators, decision-makers, and appeals decision-makers must not rely on sex stereotypes and must promote impartial investigations and adjudications.
- a. School-based Coordinators, investigators, decision-makers, hearing officers, and appeals decision-makers must receive training on:
 - i. The definition of sexual harassment as defined in (1)(b);

- ii. The scope of the school's education program or activity;
 - iii. How to conduct an investigation and grievance process, including appeals; and
 - iv. How to serve impartially by avoiding prejudgment of the facts, conflicts of interest, and bias.
- b. Decision-makers must receive training on:
- i. Any technology used to conduct investigations; and
 - ii. Relevance of questions and evidence, including the relevance of the complainant's sexual predisposition or prior sexual behavior as set forth in section (11)(j)(iii) of this policy.
- c. Investigators must receive training on:
- i. Issues of relevance to create an investigative report that fairly summarizes relevant evidence; and
 - ii. Sending the investigative report, in an electronic or hard copy, to each party and their advisor for their review and written response.

17. Recordkeeping.

- a. **Required Recordkeeping.** Schools must create records of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment. If supportive measures are not provided, the school must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.
- b. **Maintaining Records.** Schools must maintain records related to any sexual harassment investigation for seven (7) years, including records of:
 - i. Any actions taken in response to a report of sexual harassment;
 - ii. Any actions taken in response to a formal complaint of sexual harassment;
 - iii. Any supportive measures provided;
 - iv. Each sexual harassment investigation;
 - v. Any determination regarding responsibility;
 - vi. Any audio or audiovisual recording or transcript;
 - vii. Any disciplinary sanctions imposed on the respondent;
 - viii. Any remedies provided to the complainant;
 - ix. Any appeal and written appeal decision; and
 - x. All materials used to train school-based Coordinators, investigators, decision-makers, hearing officers and appeals decision-makers.

18. Dissemination of Policy.

- a. Notification of Title IX Coordinator. The School District must notify students, parents or legal guardians of elementary and secondary school students, employees, applicants for admission and employment, and all unions or professional organizations the School District holds collective bargaining or professional agreements with, of the name, office address, electronic mail address, and telephone number of the District Coordinator.
 - b. Notification of Policy. The School District must notify students, parents or legal guardians of elementary and secondary school students, employees, applicants for admission and employment, and all unions or professional organizations the School District holds collective bargaining or professional agreements with, that:
 - i. The School District does not discriminate on the basis of sex in any education program or activity;
 - ii. The School District is required by Title IX not to discriminate on the basis of sex;
 - iii. The requirement to not discriminate on the basis on sex extends to admission and employment; and
 - iv. Inquiries about Title IX are referred to the District Coordinator.
19. Publication. Schools must not use or distribute a publication that states the School District treats applicants, students, or employees differently on the basis of sex, except as permitted by Title IX.
- a. Website Publication. The School District must prominently display the name, office address, electronic mail address and telephone number of the District Coordinator on the School District’s website.
 - b. Handbook Publication. The School District must prominently display the name, office address, electronic mail address and telephone number of the District Coordinator in each handbook or catalog made available to students, parents or legal guardians of elementary and secondary school students, employees, applicants for admission and employment, and all unions or professional organizations who hold collective bargaining or professional agreements with the School District.
 - c. Training Materials Publication. The School District must make all training materials publicly available on the School District’s website.
20. FERPA. The School District shall, to the extent possible, interpret Title IX and FERPA in a manner to avoid any conflicts. Where a true conflict exists, the obligation to comply with Title IX is not obviated or alleviated by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99.

B. Policy Against Sexual Harassment or Other Forms of Harassment Prohibited by Law

(1) The School Board desires to maintain an academic and work environment in which all employees, volunteers, students, and visitors are treated with respect and dignity. A vital element of this atmosphere is the Board's commitment to equal opportunities and the prohibition of discriminatory practices. The Board's prohibition against discriminatory practices includes prohibitions against sexual harassment or any other form of harassment based upon a person's membership in a protected class and specifically prohibited by applicable state or federal law, including but not limited to harassment based on any of the factors or classifications specified in subsection A.(1) of this policy. As used in this policy, the term "harassment" includes but is not limited to any conduct or behavior that demeans, degrades, antagonizes, or humiliates a person or group of persons, or interferes with a person's work or school performance or participation. The School Board forbids sexual harassment, or any other form of illegal harassment, of any employee, student, volunteer or visitor. The Board will not tolerate sexual harassment, or any other form of illegal harassment, by any of its employees, students, volunteers or agents.

(2) No person shall be coerced, intimidated, threatened, or interfered with in the exercise or enjoyment of, or on account of his or her having exercised or enjoyed, or on account of his or her having aided or encouraged any other individual in the exercise or enjoyment of, any right recognized or protected by this policy or Policy 3.43, Bullying and Harassment.

E. Protections for Persons with Disabilities

This policy is intended to incorporate and extend the protections afforded by the Americans with Disabilities Act. This policy is also intended to ensure that students who are disabled within the meaning of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services.

F. Reporting

(1) Any act of sexual harassment of a student that may involve harm, or the threat of harm, to the physical or mental health of the student may constitute an act of child abuse or neglect.

Equity Grievance Procedure for Students
Code
5.71
Status
Active

(1) Grievance. For purposes of this policy, a grievance is a complaint by a student of or applicant for admission to the public schools in St. Lucie County alleging (a) a violation, misinterpretation, or inequitable application of an established policy governing students individually or collectively, (b) an act of discrimination or intimidation against the student, or any other conduct or practice prohibited by Policy 2.70 Prohibiting Discrimination, or (c) any other act in violation of the student's rights, but not including complaints regarding identification, evaluation, or educational placement arising under Section 504 of the Rehabilitation Act. Complaints regarding identification, evaluation, or educational placement under Section 504 should be filed under the procedures set forth in the Section 504 Manual. For complaints of bullying and harassment, the District shall follow the procedures in Policy 3.43, Bullying and Harassment.

(2) Student Grievance Coordinator. The Superintendent shall appoint a Student Grievance Coordinator ("Coordinator") whose responsibility is to ensure that the District is in compliance with the Florida Educational Equity Act, Section 1000.05, Florida Statutes, and School Board Policy 2.70. As used in this policy, the term Coordinator shall also refer to the Coordinator's designee. The Coordinator shall be trained in the impartial investigation of complaints of all forms of discrimination prohibited by Policy 2.70, and shall not be subject to direct or indirect supervision by any school-based administrator.

(3) Procedure

(a) Any student or applicant for admission who believes he or she has an equity grievance should first discuss the grievance with the principal of the school involved. If the grievant is not satisfied with the outcome of such discussion, or if the school principal is involved in the alleged incident, the grievant should communicate the grievance and the specific relief requested in writing to the Coordinator within sixty (60) calendar days of the alleged incident.

(b) The Coordinator, after receiving the grievance shall notify the school principal of the filing of the grievance within fifteen (15) working days of the filing of the complaint.

(c) If the Coordinator determines that the grievance alleges a potential violation, that there is probable cause that such a violation has occurred, and that the School Board is able to provide the specific relief requested, the Coordinator shall set a date for an informal hearing and include any essential personnel germane to the case. If the Coordinator determines that the grievance is insufficient, that there is no probable cause to proceed, or that the School Board is not able to provide the specific relief requested the Coordinator shall so notify the grievant in writing. A determination of insufficiency, of no probable cause, or of unavailable relief shall be subject to appeal as provided in subsections (3)(g) and (h) of this policy.

(d) If an informal hearing is set, the Coordinator shall encourage the grievant to discuss the matter informally with the person against whom the grievance has been lodged. Upon request, the Coordinator shall accompany the grievant in an attempt to conciliate the matter. If conciliation is not effected, the hearing shall proceed.

(e) Notwithstanding any other provision of this policy, the grievant shall not be required to confront the person against whom the grievance has been lodged, particularly in instances in which the grievant has alleged acts or practices of discrimination, including but not limited to harassment, retaliation, or coercion. At the informal hearing, both the grievant and the person against whom the grievance has been lodged shall be afforded an opportunity to present witnesses and other evidence in support or defense of the grievance.

(f) If an informal hearing is held, the Coordinator shall render a recommendation in writing to the grievant and the person against whom the grievance has been lodged within ten (10) working days of such hearing. The principal of the involved school shall be responsible for taking any action required to implement the Coordinator's recommendations.

(g) Either the grievant or the person against whom the grievance has been lodged may appeal the recommendation of the Coordinator to the Superintendent with ten (10) working days of receiving notice of such recommendation. Any appeal to, and the decision rendered by, the Superintendent shall be in writing. The decision of the Superintendent shall be rendered within ten (10) working days of the filing of an appeal from the Coordinator recommendation.

(h) The decision of the Superintendent may be appealed to the School Board within ten (10) working days of the appealing party receiving notice of such decision. Any appeal to, the School Board shall be in writing and shall appear

on the agenda for the next regularly scheduled public meeting that will be held not less than seven (7) working days after receipt of the appeal. The School Board shall render a written decision on the appeal within ten (10) working days of the meeting. All affected parties will be notified and provided with a copy of the decision of the School Board. The decision of the School Board shall be administratively final.

(i) If a violation is determined to have occurred, the District shall take appropriate steps to prevent the recurrence of any discrimination and to correct the discriminatory effects on the grievant and others. Based upon the circumstances, such steps may include, but are not limited to:

1. Imposing consequences, including referral for discipline when appropriate, upon the person against whom the grievance was lodged,
2. Undertaking such remedial measures as appropriate in the circumstances to address and resolve the grievance and to protect the grievant and witnesses for the grievant from retaliation or future discrimination,
3. Undertaking referrals for counseling, when appropriate, of the grievant and the person against whom the grievance was lodged, and
4. Re-emphasizing instruction of students and training of employees on identifying, preventing, and responding to acts of discrimination.

(j) All proceedings and records of proceedings related to a grievance filed by a student of, or applicant for admission to, the public schools in St. Lucie County shall be confidential as provided in Section 1002.22, Florida Statutes, and other applicable law.

(4) Information in Student Handbooks. All student handbooks for District schools shall incorporate the text of the Board's policy of non-discrimination and educational equity as set forth in Policy 2.70, and this policy establishing an equity grievance procedure for students.

Video Procedural Guidelines

PG and PG13 rated videos may be approved for viewing. However, R, X, and NC-17 rated videos should not be shown for any reason.

The decision to show adult rated videos (PG and PG13) in the classroom should be determined by the following procedure:

- The teacher will identify and place in writing instructional objectives for the video that may NOT include reward, entertainment, esthetic, value of the work, or fund raising.
- The principal reviews and approves the content of the video to be shown and the instructional objectives.
- Written permission is obtained from parents or guardians of all students prior to the viewing of the video.
- Alternative activities are provided for students who have not received parental permission to view the work. The students are removed from all possible viewing or hearing of the performance.
- Viewing occurs in face-to-face classroom instruction with the teacher present. Video is NOT delivered to the classroom over the school's closed caption television system or video conferencing tool.
- Written objectives, principal approval, date of viewing, and parental permission slips is kept on file for an appropriate time period.

Following the above procedures does not guarantee parents or the general public will not call the instructional objectives into question.

Definition of Video

Video is defined as the projection of still or moving images to the entire class. This includes but is not limited to the following formats:

Still Images

- Images collected from the Internet
- Images displayed on a web site
- Images taken with a digital recording device
- Scanned images
- Images projected by a document camera
- Images on mobile devices

Moving Images: (excludes images that are purchased by SLPS)

- 16 mm films
- VHS tapes
- DVD video
- Video Content from educational sources such as Discovery Streaming
- Digital video files collected from the internet
- Content from video-streaming sites, such as:
 - Netflix

- YouTube
- TeacherTube
- SchoolTube
- iTunes
- Amazon.com
- Hulu
- Vimeo
- Local and National news websites
- Any other internet site that has streaming or downloadable video
- Video contained on or streamed to, a mobile device

Use of Video in the Classroom

The decision to use video segments or display images in the classroom is determined by its relevance to the curriculum. The use of these materials must comply with copyright law. Video is not to be used to entertain, to provide “free days” in lieu of instruction, or as part of a reward program. Aside from the instances just described, teachers should feel free to utilize digital content provided it is directly related to the curriculum.

Network or Internet Delivered Video Content

As video technologies have changed, there are an increasing number of internet sites that provide video content. Sites such as YouTube, Vimeo, and iTunes are available for teacher use in the classroom. While these sites have excellent content, they also have a quantity of videos that are inappropriate for a school setting or have no educational value. It is imperative that teachers review all videos in their entirety before projecting them to the class. These video clips must support instruction and are not to be used for entertainment purposes. In addition, be sure that the vocabulary and content of these videos are age appropriate to the grade level receiving instruction.

Use of Commercial Movies in the Classroom

When using commercial movies in the classroom, one must be aware of both the copyright protection and the rating system assigned to these movies. When a particular movie supports the curricular goals, its purchase should be requested through the school media specialist. Movies purchased by the school from approved vendors allow the broadcast of these movies throughout the school, eliminating copyright issues. See school principal for list of approved videos. **Teachers may not bring videos from home to play in district classrooms.**

Obtaining Parental Permission for Viewing Rated Content

The Motion Picture Association of America (MPAA) provides the following description of the film rating system:

Movie ratings provide parents with advance information about the content of films, so they can determine what movies are appropriate for their young children to see. Movie ratings do not determine whether a film is “good” or “bad.” They simply provide basic information to parents about the level of various elements in the film, such as sex, violence, and language so that parents can decide what their children can and cannot see.

In the interest of protecting our children, the following chart has been developed to determine if a rated video may be shown in a classroom setting. Should the video be viewable only “with permission,” it will be necessary to complete the “*Permission to View PG-Rated Video/CD/Digital in the Classroom*” available from your Media Specialist or Assistant Principal. The form must be sent home for parent signature prior to viewing the video.

Students whose parents do not give permission must be provided an alternative assignment.

Rating	Elementary	Middle	High
G	Yes	Yes	Yes
PG	With Permission	Yes	Yes
PG-13	No	With Permission	Yes
R	No		
NC-17

Video Use Procedures:

- Before watching video in classroom, complete the “Request for Video Usage” form and submit to principal for approval.
- If the video is rated where parental permission is required, also complete the “Permission to View PG-Rated Video/CD/Digital in the Classroom” form and submit to principal for approval. These forms must be signed with parental permission prior to watching the video.
- Retain all signed permission forms with lessons and turn in at end of school year.

PG = Parental Guidance Suggested. Some material may not be suitable for children ages 13 and under. A PG-rated motion picture should be investigated by parents before they let their younger children attend. The PG rating indicates, in the view of the Rating board, that parents may consider some material unsuitable for their children, and parents should make that decision.

The more mature themes in some PG-rated motion pictures may call for parental guidance. There may be some profanity and some depictions of violence or brief nudity. But these elements are not deemed so intense as to require that parents be strongly cautioned beyond the suggestion of parental guidance. There is no drug use content in a PG-rated motion picture. **For more information go to <https://www.filmratings.com/Tips>**
