Good Evening Titan Parents and Guardians,

The purpose of this correspondence to inform you that our School Benefit Application numbers are below the 55% threshold to received Title I status. We need your help! Title I status directly impacts our students at Treasure Coast because it is linked to school funding. This funding provides after school programs, teaching materials, support resources, and other school operation needs. In addition, the application provides testing waivers for the SAT and ACT if you qualify. That can save upwards of \$500 dollars through the testing process and provide graduation status and college placement.

The process to fill out the application takes only a few minutes of your time and is good for the whole household per school year. I have provided the web URL below and attached a PDF with written instructions. We are also offering your student a free voucher for a treat through our cafeteria upon completion of the application. Those can be picked up by your student in our senior SLC office in building 4. If you need any assistance, please reach out to me at jason.monroe@stlucieschools.org.
