

MEET the TEACHER

Mrs. Volante

Hi!

hello

My name is Mrs. Volante! I am so excited to be a part of the West Gate family and to be your teacher this year! This is my 6th year of teaching and I cannot imagine doing anything else. It brings me so much joy to see students learn and apply the skills that I teach them.

I moved to Florida 5 years ago from a small town in northern Michigan. It is much warmer here, which I love! I went to school at Saginaw Valley State University in Michigan and received a Bachelor's Degree in Elementary Education with minors in Math and Science.

My husband and I got married in June and we have a fun-loving and energetic Chihuahua named Scrappy Doo.

I am excited to spend the year as your math and science teacher. Great ready for a fantastic year!
